Brawijaya	Universities In conversation, sometimes speakers state their intention implicitly. It means that Brawijaya
Brawijaya	what they stated is not necessarily what they meant; this is called implicature. The
Brawijaya	writer conducted a study about implicature using Relevance Theory in on-line conversation on Yahoo! Messenger. There are two problems formulated in this study:
Brawijaya	(1) which utterances employing implicatures in on-line conversation on Yahoo!
Brawijaya	Messenger. (2) what implicatures are conveyed in the utterances found in on-line
Brawijaya	Universition on Yahoo! Messenger.  Universities Brawijaya
Brawijaya	Universita This study uses qualitative approach with content analysis design to analyze the as Brawijaya
Brawijaya	Universutterances employing implicature which are taken from on-line conversation on as Brawijaya
Brawijaya	UniversYahoo! Messenger.
Brawijaya	Universit This study reveals that there are several implicatures in on-line conversation on as Brawijaya
Brawijaya	UniversYahoo! Messenger uttered by the subject of this study. This study also explains that as Brawijaya
Brawijaya	Universimplicature in on-line conversation derives from contextual effect. The contextual as Brawijaya
Brawijaya	Universeffect is obtained from background knowledge of the participants especially the as Brawijaya
Brawijaya	addressee. In this case, it proves that Relevance Theory successfully works in this
Brawijaya	research because an utterance is considered relevant when it produces some
Brawijaya	contextual effect on the addressee's cognition. Furthermore, this study also exposes
Brawijaya	that implicature can be identified not only by deciding the maxims that are flouted.  Yet, it requires another important element that is good cognitive ability which stores
Brawijaya	any encyclopaedic memories or background knowledge about certain things. So, if
Brawijaya	Universities cognitive ability is good, the conversation will run smoothly because the as Brawijaya
Brawijaya	Universaddressee is able to understand the speaker's intention which is not literally stated. It is Brawijaya
Brawijaya	Universitas The writer suggests the next researchers to choose an English native speaker as las Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Braw ABSTRAK ersitas Brawijava UniversWulansari, A.T. 2010. Analisa Implikatur dengan Teori Relevansi dalam as Brawijaya rsPercakapan On-Line pada Yahoo! Messenger. Program Studi Sastra Inggris, as Brawijaya Universitas Brawijaya. Pembimbing: (I) Sri Endah Tabiati; (II) Agus Gozali. ersKata Kunci: implikatur, teori relevansi, percakapan on-line, yahoo! messenger iversitas Brawijaya Universitas Brawijava Universitas Dalam komunikasi, terkadang pembicara menyatakan maksud dari pembicaraan secara implisit. Hal itu berarti apa yang mereka ucapkan belum tentu mengandung makna sesungguhnya yang ingin mereka sampaikan atau disebut dengan implikatur. Penulis mengadakan studi tentang implikatur dalam percakapan on-line pada Yahoo! Messenger. Penulis merumuskan dua rumusan masalah, antara lain: (1) kalimat manakah yang memuat implikatur dalam percakapan on-line pada Yahoo! Messenger. (2) apakah implikatur yang dimuat dalam kalimat yang ditemukan dalam percakapan on-line pada Yahoo! Messenger. Studi ini menggunakan pendekatan kualitatif dengan content analysis design as Brawijaya untuk menganalisa ucapan-ucapan yang memuat implikatur dalam percakapan on-line as Brawijaya pada Yahoo! Messenger. Hasil studi ini menunjukkan bahwa ada beberapa implikatur dalam percakapan as Brawijaya on-line pada Yahoo! Messenger. Studi ini juga menjelaskan bahwa implikatur berasal as Brawijaya dari efek kontekstual. Efek kontekstual itu sendiri berasal dari latar belakang pengetahuan orang-orang yang terlibat dalam percakapan, khususnya pendengar. Studi ini membuktikan bahwa Teori Relevansi diterapkan karena suatu ucapan dianggap relevan ketika ucapan tersebut menghasilkan efek kontekstual dalam pikiran pendengar. Studi ini juga membuktikan bahwa implikatur yang muncul dalam suatu ucapan bukan karena adanya pelanggaran maksim, melainkan ada elemen penting yang lain yaitu kemampuan berfikir yang baik, yang menyimpan segala macam ingatan atau latar belakang pengetahuan mengenai berbagai hal. Sehingga, apabila seseorang mempunyai kemampuan berfikir yang baik, maka percakapan akan as biawijaya berjalan dengan lancar karena lawan bicara dapat memahami maksud pembicaraan Universyang tidak diucapkan secara literal oleh si pembicara. Isatas Brawijaya Universitas Brawijaya Universitas Dalam studi ini, penulis menyarankan peneliti selanjutnya untuk memilih penutur as Brawijaya Universasli bahasa inggris dan menggunakan fitur lain dalam Yahoo! Messenger seperti as Brawijaya konferensi atau percakapan dengan merekam pembicaraan. Penulis juga menyarankan as Brawijaya peneliti selanjutnya untuk mengangkat topik lain dalam Pragmatik seperti kesantunan as Brawijaya yang mengkaji strategi dalam menunjukkan kesantunan yang digunakan pada percakapan on-line, Yahoo! Messenger. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya statement above, pragmatics looks at some points that lead the hearer to reach the as Brawijava speaker's intention when they are communicating.
itas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya University Peccei in Cutting (2002, p.2) explains the context as "the aspects that influence as Brawijava Universities Brawijaya Universities Brawijaya Universities Brawijaya Universities Brawijaya Communication such as knowledge, time and place in which the words are uttered or Brawijaya Verswritten. The text refers to pieces of spoken or written discourse. Furthermore, the tas Brawi Brawijaya function concerns with the speaker's aims of speaking in communication." Thus, when the hearer can reach the intention of the speaker utterances, the communication Universivill happen continuously. In other words, in pragmatics, both the speaker and the las Brawl listener are not merely exchanging information through the message uttered or written, but also they try to uncover the speaker's intention. Universit Besides, Green (1989, p.3) also states that Pragmatics is "the studyeroftas Brawijaya understanding intentional human action. It involves the interpretation of acts assumed University be undertaken in order to reach some purpose intended by the speaker." So, by tas Brawijaya studying pragmatics, we can also interpret human action that also takes part in communication. For example, when there is someone saying, "Huh..It's hot!" then Universipontaneously, another person next to the speaker opens the window. The action of as Brawi the person who opens the window is actually the intended purpose of the speaker as Brawi saying "Huh..It's hot!". So, in this case, the listener can interpret the speaker's ersitas Brawijaya Universitas Brawijaya Universitas Universintention by doing an action. That is opening the window. Furthermore, Yule (cited in Cutting, 2002, p.2) suggests that "the speaker's Universimeaning is dependent on assumptions of knowledge shared by both speaker and as Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya hearer; the speaker constructs the linguistic message and intends or implies a as Brawijava meaning, and the hearer interprets the message and infers the meaning." It means that Universpragmatics concerns with the intended meaning of the speaker rather than the literal as Brawijaya one as uttered by the speaker. But, actually it has certain intention. For example, there Versis one of the writer's friends says, "The weather is so much cool!". That sentence is as Brawl said when the real situation opposite to what she said. It is said when it has been raining for some days without stopping. From the example above, actually, the Universintended meaning of the speaker's utterance is "the weather is horrible". It is clearly as Brawi shown from the example that both of the addressor and the addressee have known the context which is bad weather. Universit In addition, another linguist, Griffith (2006, p.6) also defines pragmatics as "the as Brawijaya study of utterance meaning". So, any utterances spoken by the speaker must have Universimeaning. The utterance itself can be in the form of spoken or written. In spoken, it as Brawijaya can be face-to-face conversation. In written, it can be in on-line conversation in the internet. Although the conversation occurs in the written form, that kind of Universconversation may also load certain intention because what is said by the addressor or as Brawi the writer is not literally as stated. In short, pragmatics is the study of intended meaning of the speaker. versitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya University Here, pragmatics takes roles in any form of human communication, whether it is as Brawii in face-to-face conversation like in everyday conversation, or in on-line conversation Universities the people usually do in the Internet. In other words, pragmatics is the study of as Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawij meaning that studies any inputs produced by human being. So, it is not only the as Brawi utterances, but also sounds and gestures produced by the participants during the Universconversation.ava Universita This study concerns with the Relevance Theory proposed by Sperber and Wilson tas Brawijaya They are the first relevance theorists who proposed this theory. Pérez in his journal (2000) states that Sperber's and Wilson's Relevance Theory is nowadays is versconsidered as one of the most influential models within the field of pragmatics. It emphasizes the fact that there is a difference between what we say and what we mean, between the abstract semantic representations of sentences and the particular interpretations of utterances in context. Moreover, Cummings (2005, p.17) says that Relevance Theory is more fully developed than Grice's notion of relevance. So that UniversRelevance theory is considered as an endeavor to develop Grice's ideas. Here, as Brawi Sperber and Wilson points that the foundation of human communication is in the concept of relevance that based on human cognition. Universitas In addition, Relevance Theory is the recent theory of human communication that covers Grice's theory of Cooperative Principle, or which is called as four Maxims University Cummings (2005, Up.17) states, "Within a relevance-theoretic approach to Universitas Brawijaya Universitas Brawijaya communication the entire framework of Gricean maxims is superseded by a principle of relevance." In addition, Sperber and Wilson (cited in Cummings, 2005) also say Universithat all of Grice's maxims can be replaced by a single principle of relevance – that the

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Relevance theory may be seen as an attempt to work out in details one of Grice's central claims that an essential feature of most human B communication, both verbal and non-verbal, is the expression and versitas Brawi recognition of intentions. The central claim of relevance theory is that the expectations of relevance raised by an utterance are precise enough, and predictable enough, to guide the hearer towards the speaker's meaning the aim is to explain in cognitively realistic terms what these Bexpectations of relevance amount to, and how they might contribute to versitas Brawijaya an empirically plausible account of comprehension. In Relevance Theory, it can be said that in order to get successful communication Universpeople do not need to obey the maxims as suggested by Grice, but rather people as Brawl should come to the relevance by understanding the others' intention. So, in doing communication, people must be able to uncover the others' intention because it Universfrequently happens that when the people are communicating, they have intended as Brawii meaning that is unstated. That is why no matter how much maxims we disobey in an Universutterance, the communication still will run well. Furthermore, in relevance anything may deliver intention. Sperber and Wilson state in his journal (2004, p.250), "in relevance, any external stimulus or internal University representation which provides an input (a sight, a sound, an utterance, a memory) to as Brawi cognitive processes may be relevant to an individual at some time." Thus, it is not only the utterance uttered by the speaker, but also anything produced by the speaker. Universitas Brawijaya Universitas Brawijaya University In addition, Sperber and Wilson (1995, p.122) state that "an assumption is as Braw relevant in context if and only if it has some contextual effect in that context." From Universitate statement, it can be said that contextual effect is important in utterance as Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Univers comprehension. Here, Carston (2002: p.44) defines the notion of contextual effect as as Brawijava tas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya the strengthening of existing assumptions of the system, by providing further tas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universevidence for them, the elimination of assumptions that appear to be false, in the light as Brawijava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas of the new evidence, and the derivation of new assumptions through the interaction of **Universitas Brawi** Universities new information with existing assumptions." The contextual effect is produced by las Brawij the addressee to understand the utterance. Cummings (2005, p.18) states, "the hearer sets about making good on this guarantee by attempting to obtain as many contextual Universeffects as possible from the utterance for as little processing effort." Thus, an las Brawijaya Iniversitas Brawijaya utterance is considered to be relevant, if it produces some effect on the addressee's cognitive environment. So, when the addressor is communicating something, the Universaddressee is able to uncover the addressor's intention. hiversitas Brawijaya According to Carston (2002, p.143) there are two strategies relate to the Universcomprehension of relevance theoretic which is warranted by the presumption of as Brawijaya Universitas Brawijava optimal relevance carried by all utterances: a Universitas Brawijaya assignments, interpretations (disambiguations, reference Universitas Benrichments, contextual assumptions, etc.) in order of accessibility (i.e. follow as Brawijava a path of least effort in computing contextual effects). Universitas Brawijaya Universita 2. Stop when the expected level of relevance is reached. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Univers From the relevance theoretic strategy above, the hearer should take the utterance as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya meaning by following least effort because the speaker is expected to make her Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universutterance as easy as possible to understand until the result of interpretation meets the as Brawijava expectation of relevance. University In addition, there are some ways to come to relevance as stated by Grundy in his as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya book, *Doing Pragmatics* (2000, p.102): Universitas Brawijaya **Universitas Brawijaya** Universa. Explicature ya It is the enrichment of the original statement. For example, a door's office says, "Open". Certainly, we have already known that Universitait is not a door's name, but by using explicature we have to enrich it to get the as Brawijaya intended meaning. So, in order to come to the intended meaning of that utterance, we have to be able to elaborate the original statement which is we are open, if you have anything to do in this office, please come. hiversitas Brawijaya b. Higher level explicature Universitalt is the propositional attitude of the speaker to her utterance. It is closely related to as Brawijaya the characteristics of the person who produces the utterances. For example, as Brawijaya Universities a short message service (SMS) to someone until 2 pages. Then the University receiver replies it only in on word, "yes" or "no". In this case, we have to be able as Brawijaya rsitas Brawija to elaborate higher level explicature by understanding the characteristics of the Brawijaya speaker. That is why, when we are communicating with someone, we have to University understand the characteristics of the speaker since sometime every utterance may as Brawijava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya have different meaning for each person. It is very subjective because perhaps for Universitas Brawijaya Universitas Brawijaya Universitaus it is okay, but for others it is not okay. a Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universe. Implicature Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas For example, "Have you seen my book?" From that utterance, we can take some as Brawijava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya contexts to determine the hidden meaning behind the utterance. If the speaker was our vers room-mate, and sometime we borrowed her book without permission, she might be as Brawijaya accusing us who are borrowing her book. If the context is like that, then the as Brawijaya implicature is she wants her book back. But, if the speaker is a lecturer the lines Brawijaya Universimplicature is s/he wants us to read her/his book if we want to get better as Brawijaya Universunderstanding. Univers2.1.3 The Principle of Relevance Theory hiversitas Brawijaya According to Sperber and Wilson (1995, p.260) there are two principles of relevance. "First, human cognition tends to be geared to the maximization of Univers relevance. Second, every act ostensive communication communicates presumption of as Brawijaya its own optimal relevance." From that statement, it is clear that human's cognition Universtakes significant part in communication. Since, cognition functions as a system that as Brawijaya stores knowledge. So that in order to get successful communication, people should have good cognitive ability. That is why, Relevance Theory is so important in Universcommunication because its usage is not only to communication, but also the crucial as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya use of cognition in communication. 'awijaya Universitas Brawijaya In addition, Grundy also extracts in his book *Doing Pragmatics* (2000, p.106) as Brawijaya Universabout some keys of principles of relevance. Those are explained as follows: Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Univers1.a Every utterance comes with a guarantee of its own particular relevance. Universitas Brawijaya It means that every utterance has its intention, so that to understand an utterance Universitasmeans to prove its intention: Brawijava Universitas Brawijava Universities Brawijaya Universitas without taking context into account. As Sperber and Wilson suggest, "the las Brawij Universitas Brawijaya speaker must make some assumptions about the hearer's cognitive abilities and contextual resources, which will necessarily be reflected in the way she Universitas communicates, and in particular in what she chooses to make explicit or what she as Brawijaya chooses to leave implicit (1995, p.218). In other words, as a listener we have to be able to make good assumption of the speaker's intention by looking at the context. Since, sometimes in expressing something we state it explicitly and as Brawijaya implicitly. Universa. However apparently grammaticalized linguistic structure may be, utterances are, las Brawijaya as we have seen, radically under-determined. So a single syntactic relation may represent a very wide range of logical and semantic relations. Even the Universitas Brawijaya University determination of sense requires an inferential process. From this key principle, it as Brawijava Universitas Brawi can be assumed that although the utterance is grammatically corrects but it does not guarantee that what is intended by the addressor has explicitly stated. So, as University the addressee we have to be able to uncover what is the message behind the as Brawijava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** Universitas Brawijaya Universitas Brawijaya

From the sentence above, it can be assumed that the speaker is angry or he as Brawijava does not want to be underestimated by his friends or even, he wants to show his universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya University to his girlfriend. In other words, implicature is also an intended implication as Brawijava Universitas Brawijaya Universitas Brawijaya of the utterance. Universitas Brawijaya Universitas Brawijaya Universities In addition, other linguist, Grundy (2000, p.80) also defines that "an implicature as Brawijaya is the result of an addressee drawing an inductive inference as to the likeliest meaning as Brawijaya in the given context." It means that in emphasizing to the study of implicature, we Universing to look at its context. Since by knowing its context we can understand the as Brawijaya speaker's intention. The definition of context is explained by Sperber and Wilson Univers (1995) as follows: A context is a psychological construct, a subset of the hearer's assumptions ersit as Brawijaya about the world. It is not limited to information about the immediately ersitas Brawijaya preceding utterances: expectations about the future, scientific hypothesis or religious beliefs, anecdotal memories, beliefs about the mental state of the speaker, may all play a role in interpretation. (p.15) From the statement above, the context varies because it is not only about certain information, but also about situation in the environment or cultural background of the Universpeaker. So that different people may have different knowledge. Moreover, people as Brawijava who are from different countries must have different cultural background that can cause implicature appear when conversation occurs. ersitas Brawijaya 2.1.5 On-line Conversation This study emphasizes on on-line conversation in which, Les Potter (2009, Universitas Brawijaya Universitas Brawijaya Univers Para. 12) defines on-line conversation as "another form of conversation conducted in as Brawijaya Universitas Brawijaya

Precisely, in on-line as Brawijava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Conversation, the participants do not communicate as what they do in face-to-face Universitas B versconversation, but there is still turn-taking between them. Yet, the turn taking in on-las Brawi Universitas Brawijaya line conversation is definitely different from that in off-line conversation or when they are having face-to-face conversation. Universitas Brawijaya (2005) in Australian Journal as Brawijaya In addition, Horstmanshof and Power Communication also says that the use of online conversations and computer mediated communication allows people to physically remain in dispersed spaces, creating Universcommunities that are separated physically but connected electronically, thereby as Brawijaya changing their patterns of communication, social behavior, and language. So, though, Universities participants are separated they still can keep contact, by connecting to others to as Brawij communicate with the main purpose of exchange information or expressing ideas. Universities In an on-line conversation, especially in instant text messaging there are no Universigestures, body language, intonation, affect displays, since the visual part of as Brawi communication is no longer present. Although, the conversation through this system happens one way because the addressor and the addressee do not see face-to-face to versitas Brawijaya - Universitas Brawijaya Universitas Brawija Universtalk about any kind of topics it still concerns to the use of language. The on-line conversation conducted in this research is in the form of written Universitext message. She analyzed its maxims as proposed by Grice to derive the implicatures. From as Brawijaya her result of analysis, she found that each datum has its own implicature which are Universifierent from one to another. She also found that there are two kinds of implicatures as Brawijaya which are generalized and particularized used in the sentences of The Born Loser Comic Strip. From the finding of her study, she concluded that whatever implicatures Universare there in comic strip story, the cartoonist only wants to make the reader enjoy and as Brawijaya get laugh at his comic strips. This study also raised pragmatics study. Moreover, this study is also conducted Universitas Brawijaya Universitas Brawijaya Universto find implicature of the utterances. His study has Universities same problems, objectives, method as Putri (2005). Yet, he used different object as Brawijava which are slogans of sim card provider. He also used Grice's theory of Cooperative Universipple to invoke implicature. His data were taken from August until September as Brawl Universitas Brawijaya 2005. From the result of analysis, it was found that each data had its own implicature. As what previous writer did, Wijaya also analyzed its maxims usage. Universitas Brawijaya Universita Then the next writer is Elisabeth (2008). Her study is entitled "A Study of las Brawijaya Presupposition in Private Instant Message on Yahoo! Messenger". The objectives of as Brawi are to find out the use of pragmatics presupposition failure that occurs in the Universconversation, and to figure out how the presupposition failure occurs in the as Brawijaya niversitas Brawi conversation. Her study also used qualitative approach. The data source of her study Universiwas taken from Yahoo! Messenger which is the conversation between the subjects of las Brawijaya er this study. In the conclusion, she found that there are seven triggers frequently occurred in University conversations which indicate the existence of the presupposition. She also found as Brawijava that failure happening in on-line conversation may be caused by external factor that is misreading the typing. However, the failure does not break down versitas Brawijaya - Universitas Brawijaya Universitas Brawijaya Universimisunderstanding in the conversation or communication. The failure can be avoided as Brawijava by giving further explanation of something that can satisfy addressee. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya University In this study, the writer analyzes the same object as Elizabeth did which is based as Brawijava on on-line conversation in Yahoo! Yet, she analyzes it by using different its Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universtopic that is implicature or hidden message behind the utterances. She thinks that as Brawijava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya implicature often occurs when the people are having conversation. Besides, the Universitas Brawijaya Universexistance of implicature may influence the process of communication since the hearer las Brawijaya Univershould understand what the speaker intends to say. So that the hearer needs to as Brawijaya itas Braw's intention in order to run the conversation successfully. Universitas Brawijaya Universitas Brawijaya Universita In addition, the theory she uses is Relevance Theory, a theory concerning with as Brawijaya Iniversitas Brawıjaya Univers communication and cognition. In other words, if the cognitive ability is good, then as Brawijaya the communication will be smoothly run. That is why, this study is significant Brawijaya Universbecause communication and cognition are closely related. People can reach as Brawijaya successful communication by having good cognitive ability to conceive implicature Brawijaya Universibehind someone's utterance. Furthermore, when someone does not understand what as Brawijaya University talking about in a conversation with his/her participant, the conversation may not as Brawijaya run very well. As Brawijava Besides, in applying content analysis design, the result should be the same, although Universthe topic that is being analyzed is different. Generally, content analysis design is used tas Brawijaya in the social sciences where it relates to the words or sentences within texts or sets of **Universitas Bray** Universitas Brawijaya **Universitas Brawijaya** s Brawijaya Bernard Berelson (2000) states that texts can be defined broadly as books, interviews, discussions, newspaper headlines and articles Universadvertisements or any real occurrence of communicative language. In addition, Ary, las Brawijaya et al. also say that the material analyzed using content analysis design can be textbooks, newspaper, speeches, television programs, advertisements, Universcompositions, or any of host of other types of documents (2002, p.442). So, in as Brawijaya content analysis design the method applied in written or visual materials for the Universpurpose of identifying the materials. Here, the writer used this kind of method since as Brawijaya the writer analyzes the utterances that were being taken from the on-line conversation between her and her on-line friend on Yahoo! Previously, the writer did not know her participant at all since she just met the Universitas Brawijaya Universifiest time on Yahoo! Messenger when she started to collect the data. To limit the las Brawl Universitudy, the writer only chose one participant to focus on analyzing the conversation. The Brawley The writer chose an Indian boy who is not an English native speaker as her Brawi Universiparticipant because he has similar culture to the writer as Asian in term of as Brawijaya characteristics such as friendly and easy to talk with. Besides, another consideration in chosing a non-English native speaker as the Universwriter's participant is in case of behavior because most of the writer's participants as Brawijaya who were native speakers of English tend to talk taboo things while her participant Universidid not. As this is an academic writing, so the writer chose the one who is more as Brawijaya polite. In choosing the participant, the writer asked permission to make him as her participant to get the data. It is needed because this is a research, so the writer must University pay attention to the matter of etique as well. The data were taken from December 2009 to January 2010. There were 13 scripts of on-line conversation that had been gathered. It indicated that the writer had done Univers 13 times conversation during those periods. There were only 13 scripts because the as Brawijava conversation occurred only in holiday. So, the conversation did not run everyday, but Universionly in certain times by appointment. Sitas Brawijaya **Universitas Brawijaya** 3.3 The Data Collection Ary et al. (2002, p.430) state that there were three methods to collect the data Universuch as observation, interviewing and document analysis. The technique of data as Brawijaya collection in this research used document analysis because the data was in the form of erswritten utterances. Las Brawijaya The writer focused on the discussion based on the problems proposed which are the utterances that employ implicature or its hidden meaning. From the conversations Universabove, the writer finds 21 utterances conveying implicature in on-line conversation as Brawijaya on Yahoo! Messenger uttered by the writer's participant. From those utterances University found, the writer also interpreted the implicature to identify its meaning. From the findings above, this study proves the theory proposed by Grundy (2000, p.80) that an implicature is the result of an addressee drawing an inductive inference Universas to the likeliest meaning in the given context works in this study. In other words, as Brawijaya Universitas Brawijaya Universitas Brawijaya versitas Brawijaya implicature is the addressee's inferential process which produces an outcome from the context to get the possible meaning. Perhaps, the addressor's girlfriends were attracted to him because he showed or as Brawijaya told the girls the properties he has. So, the implicature of the highlighted utterance above is he is rich. Universit Furthermore, this study also supports the theory by Sperber and Wilson (1995, as Brawijaya p.118) that interpreting an utterance involves seeing the contextual effects of the Universassumption in a context determined, at least in part, by earlier acts of comprehension. Tas Brawijaya It is clear that to understand an utterance is not merely about identifying the assumptions based on the literal meaning, but also looking at to the context of the Universutterance. That is why, to interpret hidden meaning an utterance also needs to look at as Brawijaya Universities Brawing the contextual effect. The example of the finding is presented as follows: 83. Since, he should answer it by mentioning a as Brawn movie title. Nevertheless, that utterance is interpreted as an appropriate utterance with Universities principle of relevance. From the excerpt of conversation above, the implicature is as Brawijaya shown by highlighting the utterance. To understand its implicature, we also need to University look at contextual effect of the utterance. As stated by Sperber and Wilson (1995) Universthat interpreting an utterance involves seeing contextual effect of the assumption as Brawijaya From the highlighted utterance, the contextual effects are: Universita 1. Thus, the implicature of the highlighted utterance above is the addressor does not know about the western box office movie that is on the cinema in his country. Universitas From the excerpt of on-line conversation above, it is obvious that human as Brawijava cognition takes significant part when implicature happens in conversation.
