

CHAPTER V

CONCLUSION

This chapter discusses about the conclusions of the research and also suggestions for further researches.

5.1 Conclusion

Based on the findings of the research about learners' perceptions on watching English movies with English subtitle to learn English in informal setting on students of English Language Education Program batch 2016 at Universitas Brawijaya, the researcher concludes that 75.15% out of 89 students have positive perceptions on the use of English movies equipped with English subtitle to learn English in informal setting. It means that the majority of the students agreed that English movies equipped with English subtitle can be used as a media to learn English in informal setting.

5.2 Suggestion

For further researcher, similar study can be conducted to non English Department students. Furthermore, other researcher can also conduct a study about the effectiveness of using English movies equipped with English subtitle as a media to learn English is.
