

Special Gratitude for

*To my parent, Bapak Sunaryo and Mamak Tunik,
who have applied the mind, time, and energy to me.*

*Thank you very much for the great support, spirit, prayer, advice,
and bring me into being a best queen in your life. Because of those,
make it possible and be a luminous source for my pace*

*Nothing impossible as long as My Parent always beside me
From the beginning until ending my parent is here. They soften life's
inevitable blows and shed their light of kindness along life's pathway*

Thank You My Daddy and My Mom

*I will always remember along the time that
miracles happen everyday in my life*

Miracle is presence of My Parent besides me

My parent knocked on my heart that was so perfectly hidden

It was like a miracle in the darkness

And My Parent brighten me up with their light again
