**Universitas Brawijaya** Universitas Brawijaya Universi Sinatrya, O. Jatrifia. 2011. Hedonistic Lifestyle and Its Effects to the itas Brawijava Characters of Gossip Girl The Series. Study Program of English, Department of language and Literature, Faculty of Culture Studies, University of Brawijaya. Supervisor: Dyah Eko Hapsari; Co-Supervisor: Taufan Hendro Baskoro ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit Keywords: hedonistic difestyle, standard, pleasure, insider and outsider, selfsitas Brawijava esteem Universitas Hedonistic lifestyle is one of the lifestyle that is chosen by many modern people today. Hedonistic lifestyle aims to make people seek pleasure also ers happiness in ways that are sometimes beyond the expected and the existing it as norms. It is reflected on Gossip Girl the series on the second season in which hedonistic lifestyle becomes the main issues. Therefore, the writer is interested to analyze how hedonistic lifestyle is reflected on the characters in the series and how their hedonistic lifestyle affects the people around them. The writer uses sociological approach as the main theory since the main theme of the study issitas Brawijaya related to sociological aspect as a group's lifestyle and the division of social layers based on economy. The analysis discovers that hedonistic lifestyle is reflected on the main characters, namely Blair Waldrof, Serena Van Der Woodsen, Nate Archibald, and Chuck Bass. They are examples where the hedonistic lifestyle has become their Blass Bl habit since childhood. They do everything for getting what they want and they do sit as B not want to get hurt. They just want be happy and look for pleasure. They become selfish and do not care with other people. Those attitudes bring some effects to people around them. They will divide people to some categorizes related to their standard. In sociology it is called the formation of insider and outsider. The sitas Brawijay insider is divided into two which are primer group and secondary group. Each main character belongs to primer group of insider because they share the same personal attachment, while their followers are called secondary group in which they just share the same mission. Outsider is people who not included in their little group because those people can not fulfill their standards. The last effect of the Brawijay hedonistic lifestyle is the establishment of one's self esteem. The character to be self-esteem. analyze are related to the case is Nate Archibald, who experience bankruptcy. He decides to hide his situation and pretends everything is fine. Ini semua tercermin dalam serial Gossip Girl seri kedua dimana gaya hidup hedonistik tercermin di dalam kehidupan para tokoh dan bagaimana akibat dari gaya hidup seperti itu mempengaruhi orang-orang di sekitar mereka. Penulis menggunakan teori sosiologi sebagai teori utama untuk menganalisa karena tema utama dari serial ini berkaitan dengan aspek sosiologi seperti pembagian lapisans las Bl sosial berdasarkan status ekonomi. Penelitian ini menemukan bahwa gaya hidup hedonistik tercermin dalam tokoh utama serial ini, yaitu Blair Waldrof, Serena Van Der Woodsen, Nate Archibald, dan Chuck Bass. Mereka adalah contoh dimana gaya hidup hedonistik adalah sebuah kebiasaan yang dilakukan semenjak mereka kecil. Mereka akan salas B melakukan apa saja untuk mendapatkan apa yang mereka mau dan mereka tidak itas mau merasakan perasaan terluka. Bagi mereka yang terpenting adalah kesenangan dan kebahagiaan. Semua itu membuat mereka menjadi egois dan tidak peduli pada orang lain. Didalam sosiologi, itu disebut pembentukan orang dalam dan orang luar. Orang dalam terbagi menjadi dua yaitu, kelompok primer dan kelompok sekunder. They are still easy to be glued with everything they think is good. This problem makes some Universiteenagers obsessed to follow and apply every information they get. Therefore sitas popular culture has a big influence in teenagers' life because most of the teenagers have the easy access to media and begin to follow what they see. They attempt to Universi appear up to date and sophisticated because the media and likewise their environment require teenagers to look like what is popular today. That makes the Universiteenagers try to adapt the manner prescribed by the media and society. Sheila Gibbons (2009, para.1) said in her article about teen magazines that it Universitisends wrong messages to teens, especially girl, that their adaptation processes are more difficult than boys have. Girls experience puberty earlier than boys. Unconsciously they think of a standard to be perfect women similar to what they Universitisee in mass media. All of those things make them have high standards in Universitheir life although in their age, they do not really need all of them. As the Universi consequence they need a lot of money to fulfill all their needs and they become sitas hedonists. Hedonist is a person whose life dedicated to the pursuit of pleasure and their Universi lifestyle. Hedonism consists of two types, first is Motivational hedonism and the second is Normative hedonism. Andrew Moore (2004, para.1) said that University motivational hedonism is the claim that only pleasure or pain motivates us. It is the most significant form of psychological hedonism. Normative hedonism is the Universitical that all and only pleasure has worth or value, and all and only pain has sitas Universi disvalue. Both types of hedonism have the same elements which are pleasure and pain. Pleasure will be symbolized by a pleasant feeling and pain will be Universit represented as an unpleasant feeling. Meanwhile, people outside the group are called out-group. Abu Ahmadi (2007, p. 89-91) ersit stated that people outside the group has different standard with people inside the sitas Universi group and it makes them unable to join the group. They also do not have any connection feeling with the group. Sometimes people inside the group and outside Universithe group can be friends and everything is fine. They competed to make their group better than Universitthe othersijaya Universitas Brawijaya Universitas Brawijaya Universitas For teenagers who live in big cities, the situation as explained above can occur because they have easy access to media and technology. To earn better life, they must struggle to be the best in which most Universitas Brawijaya Universitas Brawijaya Universit University people want to do the same thing as well. Sometimes some of them compete in a sites dirty way like giving money to someone in charge; it shows that those who have University money would be more powerful. All of it proves that money controls everything, sit as Brawijay Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas not only shows the power of people who have money but it also determines social Universit classification based on wealth. Someone who has high income will be rich and Universitives in elite area, while other who has low income will live in slum areas. Forsitas those who live in elite areas will feel that they are like kings and queens who have everything they want. They socialize with people who are equal to them and look down on the people who belong to lower class. Unconsciously such actions will be imitated by teenagers. Some of teenagers will act exactly like that and worse to Universities people whom they do not like. These kinds of teenagers are portrayed in the main characters of Gossip Girl Universit the Series. It tells about the characters' senior year. They start looking for some fancy college for their higher education. They start to feel that ersi they are no longer teenager and they act like adult. They start making huge parties, shopping branded things, spending summer in private beaches with versi private transportation. Here, the writer sees that the characters show more itas hedonistic life style than in other seasons. In season one, they are junior at their high school, so it makes them not really have power to show because they are in a Universitlow position. In season three, they step up and become college students of early sites grades. They are in a new area, so they become more down to earth and have no Universit power to control everything because they are still freshmen. So, those are the last Br writer's considerations to take season two as the object of study. Season two tells about the story of four main characters those are Serena sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit ersi Van Der Woodsen, Blair Waldrof, Chuck Bass, and Nate Archibald. Universitas People who live in big cities have easy access to everything they want. The sitas Brawijaya Universi society allocates some places to fulfill their needs from their primary needs likesitas Brawijaya shirt and food, and also their supportive needs such as mobile phone, and cars. The pleasure feeling of doing so Universitias Brawijaya Universitias Brawijaya Universit makes them follow hedonism as a lifestyle.a Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Hedonism according to Landauer, Jeff and Joseph Rowlands (2001, para. 1) is an ethical system. It holds pleasure as the standard of value. Another definition of Universitas Brawijaya Universitas Brawijaya Universi hedonism is stated by Kevin Knight (2009, para. 1) he explains the name given to state Brawijava rawijaya Universitas Brawijaya rawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijava** Universithe group of ethical system that hold, with various modifications, that feelings of ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya University pleasure or happiness are the highest and final aim of conduct: that, consequently sit as sitas Brawijaya Universitas Brawijaya Univer University conversely, what increases pain is wrong. From the definition stated by Jeffs as Brawijay Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Landauer, Joseph Rowlands and Kevin Knight, they are emphasizing that the University main factor of hedonism is pleasure for standard of life and pain is not important University and has no value in life. The different opinion comes from Pelkoff, Leonard and sitas Harry Binswanger (2010, para. 1) Hedonism is the doctrine which holds that the good is whatever gives you pleasure and, therefore, pleasure is the standard of morality. Sites Objectivism holds that the good must be defined by a rational standard of value, that pleasure is not a first cause, but only consequence, that only the pleasure which proceeds from rational value judgment can be regarded as moral, that pleasure, as such, is not a guide to action nor standard of morality. The differences from the definition before is Leonard Pelkoff and Harry Binswanger believe that pleasure is not the main factor of hedonism. They believe that pleasure is the standard of morality which is the measure of people's behavior and pleasure just the consequences of good thing. Still, all of them believe that the Universi bound of hedonism is a pleasure. Pleasure as explained by Oxford Advancedsitas Brawijaya Learner's Dictionary (2006, p. 1113) is a state of feeling or being happy or satisfied. In hedonism, pleasure divided in two types. As it said by Landauer, Jeff Universitas Brawijaya Universitas Brawijaya University and Joseph Rowland (2001, para. 2-3): First is physical pleasure and second issues Brawijaya psychological pleasure. Universitas Braw Physical pleasure is requiring the use of one's mind in the pursuit of Universitas Braw physical pleasure, but it subverts it by enslaving it. Very few peoplesitas Universitas Braw have tried to support a purely physical hedonism. It rejects the need for sit happiness, while psychological pleasure is stems from the achievement

Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** Universitas Brawijaya Universitas Braw of the emotional component of values. When you feel that something is Universitas Brawvaluable, and you achieve it, it gives you pleasure. A rational moral Brawijaya Universitas Braw code aims at making sure the emotions you feel are valid. ava Universitas Brawijaya rawijaya Universit divided into two types which is motivational hedonism and normative hedonism. Sitas Brawijaya Based on Andrew Moore (2004, para. 1) motivational hedonism is The claim that is only pleasure or pain motivates us. Motivational hedonism will here be construed as the egoistic claim that one is las Brawijaya motivated by *one's own* pleasure or pain, and as including the claim that it as one is motivated for pleasure and against pain. Being motivated 'for' pleasure and 'against' pain will be construed in 'productivity' terms, as a matter of producing pleasure or reducing pain, rather than, for example, expressing these things. The further idea will also be built in Universit that one is always and only motivated by the greatest balance of itas Brawijaya pleasure over pain for oneself; that is by maximization of the net as Brawijava amount or value of pleasure minus pain for oneself. Meanwhile, based on Andrew Moore (2004, para, 2) normative hedonism is The claim that only pleasure has value and only pain has disvalue non-sites instrumentally, that is, independently of the value of anything they might cause or prevent. On this view, our friendships, actions, and achievements, our states of understanding, insight and character, have states Brawijaya only instrumental worth, through the pleasure they cause or the pains it as Brawijaya they diminish. Things can of course have both instrumental and non-sites Brawiiava instrumental value. Where they do so, their overall value is a function of both. The two can pull in opposite directions. The pain of being once bitten has non-instrumental disvalue, for example, but it might also Brawijaya have instrumental value, through the further pain you avoid by its its Brawijay making you twice shy. In Gossip Girl the series, hedonism is reflected from the description of the University situation, behavior, and the characters. The setting, Manhattan, especially in Sitas Brawijaya Upper East Side area, supports the characters to become hedonists because the city encourages the easy accesses. In this series, hedonism becomes the main Universitas Brawijaya Universitas Brawijaya University factor of the stories and the series also show how hedonism affected the state Brawijaya **Universitas Brawijaya** rawijaya character's lives. This condition is reflected in each of the main characters of Gossip Girl. 3.1.1 Blair Waldorf Blair Waldorf is one of the main girl characters in this series who sees pleasure as her main purpose to reach everything she wants. She lives in a University penthouse in Upper East Side of Manhattan, New York and attends an expensive elite private school. Her mother is a famous designer. **Universitas Brawijaya** Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Hedonism is the doctrine which holds that the good is whatever gives you Universities B pleasure and, therefore, pleasure is the standard of morality. Objectivisms the Universities B holds that the good must be defined by a rational standard of value, that it as pleasure is not a first cause, but only consequence, that only the pleasure which proceeds from rational value judgment can be regarded as moral, that pleasure, as such, is not a guide to action nor standard of morality. ersitas Brawijaya – Universitas Brawijaya Universitas Brawijaya Universitas B University In this theory pleasure is the standard of morality. We can do anything we want it as and never think that it is good or bad as long as we get pleasure. Like Chuck, he is ersi still seventeen years old, but he is capable of doing something that adult people it as do. He drinks alcohol, goes to the club or pub, stays every night with different woman. For him as long as he gets pleasure and he is happy, he does not care Universitabout morality or judgment from other people. He does not have the standard of sitas morality. He does good thing but also too much bad thing. So, pleasure and happiness are his standard of life. From the analysis above, it explains how all the characters of Gossip Girl have hedonistic lifestyle. Pleasure becomes the main factor for them to get what they University wants, and happiness is the purpose of their life. No matter it will hurt othersitas B people. Their hedonistic lifestyle gives effects to other people around them like Universit their family and friends. So, in this sub-chapter, the writer will analyze about how their hedonistic lifestyle affects people around them. 3.2 The Effect of Hedonistic Lifestyle aya Universitas Brawijaya Arsita Hedonistic lifestyle is a lifestyle that seeks pleasures. All that matter is feeling happy after getting what they want. In the process to get what they want, they Universit never think about morality or politeness. They do everything to get what they sit as Braw Universitas Brawijaya Universitas Brawijaya Universit want even it is out of morality codes, because they have power to do everything

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya People who have hedonistic lifestyle feel that they have power to do everything Universi on their own way, no matter people will get hurt or harmed by their action. They are never care about the effect of what they do. This analysis will focus on Blair Waldrof and Nate Archibald. Both characters here have more obvious effects on Universitas Brawijava Universitas Brawijava their self and people around them than the other characters. The followings are the Universit effects of hedonistic lifestyle are divided into two categories: Universit 3.2.1 The Formation of Insider and Outsider The first effect of hedonistic lifestyle is a formation of people in a group. Someone who has hedonistic lifestyle, unconciously, is looking for people who Universi have the same standards with theirs before deciding to become friends. They will look for some people who have the same level with theirs. They will select and Versi eliminate people based on their own standards. It creates gap between them and other people. This is also discussed in Marxism like Prychitko, David. L (2008, para. 17) explained about Marxs' theory how economy and power could separate and create some gaps between people who have everything with people who do B Marx's scientific socialism combined his economics and philosophy—sitas Brawijaya including his theory of value and the concept of alienation—to demonstrate that throughout the course of human history, a profound struggle has developed between the "haves" and the "have-nots." Specifically, Marx claimed that capitalism has ruptured into a war between two classes: the bourgeoisie (the capitalist class that owns the means of production) and the Bra Universitas B proletariat (the working class, which is at the mercy of the capitalists) niversitas Brawijaya Will be a person who has money and power, whereas the" havenot" will be someone who has nothing and living under the "have". This "have Universi group then creates its own circle and have the same standards for the members.

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijava** Universitas Brawijaya Universitas Brawijaya **Universitas Brawijava** Universit They will become the power controller in their society and for people who do not ersitas Brawijaya – Universitas Brawijaya Universitas Brawijaya Universitas University have the same standard and economic level with theirs are called the "the haveersitas Brawijaya Universitas Brawijaya Universitis unluckily in the category of the "have-not" will be used by the "have" to get it as Brawijay Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya what they want. Between the "have" and the "have-not" there will be gap which University may lead to conflict. Universitas The idea of the "have" and the 'have-not" is not only covered by Marxismsitas theory, but also explained in sociology. In sociology it is called insider and outsider. Suyanto, Bagong and Narwoko, J. Dwi (2004, p. 34) explain that Insider is people who have the same mission and the same standard which make them become a group, whereas outsider is people outside the group who do not have same standard or mission with people inside the group. Insider will look down to people outside their group. They will use people outside the group to stress that they are the controller and the outsider is the states controlled. It is not only between insider and outsider who have some conflict and gap, it also happen in insider itself. Universital Between insider and the outsider, they can not be together because they have different standard and mission. Insider will become the controller of people outside their groups. Sometimes, between insider and outsider, they will have a lot University of conflicts. Not only have conflict with outsider, sometimes the insider also have sit as Brawijaya some conflicts between them. Insider is divided into two categories, first is primer group and the second is ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya University secondary group. Like Charles Horton Cooley has stated as it is cited in Soerjonositas Brawijaya Soekanto (2006, p. 110); tas Brawijaya Universitas Brawijaya Universitas Brawijaya Primer group is a group marks by some characteristics which know each Universities B member so well, tight, and personal. They also share an individual mission sites Universities B and make it become a group's mission. In short explanation, primer group is sit a small group which has permanent relationship. While secondary group is a Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas B group which includes some people and their relationship is not based on Universitas B personal introduction and not permanent. Niversitas Brawijaya Between primary and secondary group, it has some differences. If primer group is based on personal introduction, it is not with the secondary. The members of Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit Universi primer group are personally attached to each other and have the same standard it as and mission, while those of the secondary are just friends in need who have the ers same mission at that time and become friends to make it comes true. All of those aspects are manifested in the series of Gossip Girl. All of the main Universities Br characters are coming from well born families. They are rich and always get what Universithey want. So, it makes them unconsciously eliminate and grouping people around it as them based on economic level and it is obvious in Blair's case. Blair's point of view in categorizing who deserves to be insider and outsider is a little bit different from other characters' point of view. The insider for her is friends that know her and have strong relationship with her. It includes Serena, Nate, and Chuck. It is Universi like Charles Horton Cooley (2004, p. 25) tells about primer group. The member of primer group will know each others for long time, have individual relationship, and this group is important for all the members because it creates the identity of each individual in society. This relationship Universitas B is based on personal relationship. They see each other as people who have sit as Braw Universities B same destination in the end." Brawijaya Univer For Blair; Serena, Nate, and Chuck are her close friends, because they are sharing some personal attachment. They know each other since they were children, live in same society, and share same mission and standard. Therefore Serena, Blair, Nate, and Chuck is called primer group. Blair's friendship with Universi Serena, Nate, and Chuck is so important, although sometimes they fight, competes it as Braw and used each other to get what they want.

This entire time people look Nate as a rich boy who has high social status. People look at him as an elite boy who has enough money to do what he Universit wants. It is reflects on the theory said by John G. Holmes and Joanne V. Related to Nate Archibald, his Universi appearance and popularity are his identity. However, now when everything changes, he can not accept it and lies to sitas himself and people around them. He pretends to still be the same Nate as he was before. Like Robert E. The second part is about the suggestion for the future sit 2SITAS BRAW, Gossip Girl is a television series that have interesting theme and story to be analyzed in terms of hedonism. Like it has been explained in the previous chapter, Universithedonism, which is reflected on the TV serial, is a term for people who give Sitas Brawijaya University priority to pleasure as their destination of life. It is also reflected in each University characters of Gossip Girl the series, namely Serena Van Der Woodsen, Blair Universi Waldrof, Chuck Bass, and Nate Archibald. Because they used to have an elite life, it makes them become hedonist and has hedonistic lifestyle. Universities The first thing to analyze in this study is how the hedonistic lifestyle is reflected in the characters' life. Hedonistic lifestyle drives them become selfish Universitand they just think about their selves. All of the characters here just think howsitas Brawijaya Universitas Brawijaya Universithink about other people's feeling. Not only using other people, they will spend Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijay Universi their money for everything they want. They never think it gives some effects to other people and also Universitheir selves ava Universitas All of the characters' attitudes give some effects to their selves and others. Universit There are two effects which the first is the formation of insider-outsider. Their hedonistic lifestyle makes them choose friends carefully. They set some standards Universi before choice friends. If they can fulfill the standards, they become friends. Thesitas circle is divided into insiders and outsiders. The insider is divided into primer Versit group and secondary group. The primer group consist of is Serena, Chuck, and Sitas Nate. Because they are friends since they were children and they have the same wealth and mission. The secondary group is Blair's followers in school. The Universi secondary group follows all Blair's orders and terms. She needs everyone to follow her order, if not she kicks them out from the group. The last is Blair Universit considers people who can not accomplish her standards as the outsiders. The sitas Universit outsiders are people who do not accomplish Blair's standard like wealth, and sit as where they live. The example is Vanessa who lives in Brooklyn and Blair does Universit not like her because she lives in a low economic level.
