Fromkin et al. (1996, p. 48) state that Universit derivational morphology is a process where derivational morpheme matched with sites other morphemes or word and form a new word, the derived word may have ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit different meaning and different grammatical category from the original ones. Iversitas Brawijaya Universitas Brawijaya University application of a theory concerning the formulation of word is needed, this is sitas Brawijaya Universi known as word-formation. According to Bauer (1983, p. 9) word-formation is a sites term which refers to the possible ways in forming words in general sense, as University stated by Crystal (2003, p. 502), the terms refer to the whole process of sitas Universi morphological variation in the constitution of words. In more restricted sense, it it is refers to the latter processes only. Matthew (1979, p. 38) also states that Universit Derivation is subfield of word-formation. Those theories above give possibility to human in order to create or Universit modify a word. Neologisms concerns on the use and the purpose of a new word, sitas Brawijaya Universi derivational morphology concerns on the meaning and grammatical category of a new word, while Word-formation Processes concerns on how to invent a new Universitword.raw Universitas Br A derived word can be created accidentally because of usual activity, unusual event or even intentionally in order to make someone or something Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijay Universit famous. Derived word can be found in many places and in any situations, from sitas Brawijaya Universitas Brawijaya Universitworks, or even comic versitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** Universitas Braceni (2003, p.4) states that the term comic at the beginning is come Universi from the humorous nature attached to the art of combination between words and sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Univers images which appear in newspapers, and so the attribute remain attached even sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya University when various new genre are developed later on niversitas Brawijaya Universitas Universitas Brawijaya Universit differs from our everyday world in a way that importantly involves science or Universittechnology". Therefore, it is important to note that science fiction has a sitas relationship with the principles of science - these stories involve partially truepartially fictitious laws or theories of science. The writer's interest in analyzing derived word appears when several words and terms from many fields are found in comic and video (movie, cartoon Universitetc.). The form and function of those words and terms were not the same as it is sites used to be, it is modified and adapted so that it looks match with the story. The Universit modification and adaptation itself include adding, omitting, and changing the sitas Brawijaya Universi components of letters so it looks different from the original one. Unusual affix addition and the use of several terms which is not in the right place also make the Universities of new word appear. Comic (also movies, cartoons, and novel) with science-fiction genre usually takes several words from specific fields such as science and religion, place ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi Universitor even someone's name and adapting it into a comic by directly naming the itas character and other things inside it or change a bit the form of the word, such as adding, omitting, or even changing letter's order. These steps are done in order to make the Universitatory more interesting or to pointing to something versitas Brawijava Knights of Apocalypse or KOA is one of Science fiction comic created by Universitis Yuniarto (story and art) whom was the 1st winner of Ragnarok Online Comics as Brawijaya Universitas Brawijaya Universit Aswin Agastya (original script). It is an Indonesian local comic with fantasy Universit science-fiction story published in 2007 by WindRider Publishing. It is about the itas story of the Great War through the eyes of Lex (the main character) as he ventures through the raging battles, collecting the pieces of his past that will uncover the Universi deep and startling secret of his true identity, and discovering the true meaning of sitas life itself in a world scarred and torn apart by greed and bitter conflicts (Yuniarto, Universit2010, para. 2). There are three settings of place in this story, planet Ares which is ruled by Universit Turkamabad Cumhuriyeti, Freedom Space Colony which is lead by Madam Anne Francoise IV, and planet Terra which is under control Black Sun. There are also two setting of time, The first is a recent day setting where the story goes on, and Universithe second is past setting on a thousand years before the recent day where planetsitas Brawijaya Terra is still green and humans are in the war against Draxonian that reveal some Universitas BraThe writer wants to analyze the derived words found in these comic. As it as stated before, in science fiction genre, the comic artist usually takes several words from specific fields such as science or religion, place or someone's name, then put Universitas Brawijaya Universitas Brawijaya Universit University and adapts it in the comic. The last is there are not so many well-known comic artists in Indonesia, and Is Yuniarto is Universi one of them. His nickname, Vanguard Zero, is famous in www.deviantart.com, which is known as a famous independent digital artist forum. The consideration of choosing derivational morphology as the main topic in this study because the derived words in Knights of Apocalypse comic books ersitionly found and used for specific purpose to enrich the story itself, not for general Brawijaya Universituse in daily life. Besides that, most of the words are derived from current existed words. The use and the meaning of the derived words are different from the Universitoriginal one. Nida (1946 p.1) is the study of Sitas Brawijaya Universi morphemes and their arrangement in forming word. Morphemes themselves are sitas Brawijaya minimal meaningful unit which may constitute words or a part of word. rawijaya Universit Morphology, as stated by P.H Matthews, (1974, p.3) is branch of linguistics litas Brawijaya rawijaya University which is concerns with the 'forms of words' in different uses and constructions. rawijaya Universit According to M. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit2.1.2 Derivational Morphology Brawijaya Universitas Brawijaya University which is used to make a new word in the language and it is often used to make Sitas Brawijaya Universit words of a different grammatical category from the steam". Fromkin et al. (1996, sitas Br p. 48) state that Derivational morphology occurs when derivational morpheme Universit combine with other morphemes or word and derive or form a new word, the Universi derived word may have different meaning and different grammatical categorysitas B from the original ones. Crystal (2003, p. 132) calls it Derivatology, or even only Universit Derivation. Katamba (2005, p. 54) states that Derivation is motivated to create asitas new lexical items using pre-existing morpheme and words. Univers 2.1.3 Inflectional Versus Derivational Morphology Akmajian et al. (2001, p. 42) make distinction between inflectional and Universit derivational morphology in term of affixes: first, inflectional affixes never changes it as Brawijaya Universi the category (such as noun, verb, adjective, etc) of the base morpheme, while most of derivational affixes do the opposite. For examples: eat and eat<u>s</u> ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi (inflection, both are Verb), read (Verb) and readable (Adjective) (derivation).sitas Brawijaya Second, inflectional and derivational morphology occurs in a certain relative order within words. For examples: modernize (derivation) - modernizes (inflection). Universitas Brawijaya Universitas Brawijaya Universit Universi Third, the function of certain derivational affixes is to create new base form that Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya rawijaya Universitas Brawijaya **Universitas Brawijaya** Universitas Brawijaya Universit other derivational and inflectional affixes can attach to. For examples: writer's (er sitas Brawijaya University derivational suffix, 's y inflectional suffix). Fourth, inflectional and derivational sitas versitas Brawijaya Universitas Brawijaya Universitinflectional affixes tend to have meaning related to the base morpheme, whilesitas Brawijaya Universitas Brawijaya Universitree and trees (inflectional), read and readable (derivation). Brawijaya Universitas Brawijaya Universi divided into two major subfields: one concerned with process of inflection, and all as B the other with what are usually referred as processes of word-formation. Related to the statement above, the writer presumes that sitas Brawijaya Universiderivation is a part of word-formation processes. Laurie Bauer (1983, p. 9), states "Word-formation is a traditional label, Universitand one which is useful but it does not generally cover all possible ways of sitas Brawijaya forming everything that can be called a 'word'. Ares/Türkarnabad Cumhuriyeti. Planet Ares memiliki silat yang unik: periode ralasi dan revolusinya sama, sehingga pemukaan yang menghadap ke arah mataharinya selalu sama. Bagian yang terang disebut Gurun Merah, sedangkan yang gelap Gurun Hitam. Koloni-Koloni Ares yang merupakan pertumbuhan dari Pesawat Pendaratan berada di Daerah Senja, perbatasan Gurun Merah dan Gurun Hitam yang kilimnya tidak terlalu ekstrim, Namun kebanyakan koloni pertambangan berada lebih adalam ke Gurun Merah karena kandungan mineralnya lebih kaya. Eksplotasi Gurun Hitam sangat jarang dilakukan. Selain kondisi alamnya yang ekstrim. di tempat tersebut sering terjadi badal elektris yang sangat merusak.
