They Universit basically have the same technique in the way of writing, such as figurative Brawijaya Universitlanguage/i-a metaphor, personification, and hyperbole. That visiowhy treatingsitas Brawijaya Michael Jackson's song as poetry is an effective phase to be used. The research is Universitiest oriented, so the five songs' transcripts are read several times. The second phase is connecting the theme of Michael Jackson songs to his purpose in singing. According to Tagg (2002, p.3), "music is a matter" Universit of interhuman communication". Consequently, in music, song lyric is usuallysitas Brawijaya used by singers or musicians to convey their feeling, idea, and thought for Universit society. His experiences from the childhood Universituntil his death have already influenced his perspective in composing song lyrics: sitas Additionally, Black American's life is not about their culture or discrimination only, but also about their perspective in seeing several phenomena in this world, such as children welfare, environmental problem, war, poverty and All these methods are applied in conducting the research because the basic concept of the study is using literary point of view. Michael Jackson's song lyric Universitis one kind of literary works; it is a mirror of society where social life or social Universiproblems are portrayed. That is why the information about Black American society is important to be understood because Michael Jackson's song is always Universitinfluenced by the social condition around him –as Black American.
