Wijaya Universitas Brawijaya Universitas Brawijaya - Universitas Brawijaya Universitas Brawijaya Kata kunci : kesepian, aktualisasi diri, kebutuhan cinta. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Kesepian adalah kondisi ketika seseorang mengalami gangguan hubungan sosial, terutama hubungan cinta. Pengaruh kesepian bervariasi. Pengaruh yang paling umum adalah rasa sakit atau terluka, tetapi bagi sebagian University bahkan merupakan sebuah kesempatan untuk mengenal diri University Brawijaya mereka sendiri sehingga mereka dapat mencapai aktualisasi diri. Love in the time of Cholera adalah film yang bercerita tentang isu kesepian. Film Ini menceritakan tentang seorang pria yang setia menunggu kekasihnya, Fermina Daza. Dalam penantiannya dia sangat kesepian tetapi ia ingin menjadi seorang pria yang dihormati di masyarakat dengan tujuan agar Fermina Daza Uni menganggap dirinya sebagai pria yang terhormat. Universi Penelitian ini menggunakan penelitian kualitatif yang menggunakan Pendekatan Psikologis. Konsep yang digunakan dalam mengeksplorasi Love in the Time of Cholera adalah Self Concept, Loneliness, Existential Approach dan dikombinasikan dengan teori Self Actualization yang diperkenalkan oleh Abraham Maslow. Analisis film didasarkan pada naskah dan gambar dalam film. Teori *mise en scene* juga digunakan untuk memperkuat analisi. Penelitian ini mengungkapkan bagaimana Florentino Ariza mampu mencapai aktualisasi dirinya dalam rasa kesepiannya. Karena Florentino Ariza tidak tahan dengan rasa sakitnya akan Fermina Daza, ia mengobati rasa Uni kesepiannya dengan melakukan hubungan seks dengan 622 wanita. Namun, ia Universitas Brawijaya tetap merasa kesepian sebab kebutuhan cintanya tidak dapat terpenuhi sebab kebiasaan seksnya hanya memenuhi kebutuhan fisiologisnya yang merupakan kebutuhan dasar dalam hierarki Maslow. Sementara itu kesepian yang berasal dari kebutuhannya cinta tidak akan pernah terpenuhi jika ia tidak dapat memiliki hati Fermina Daza lagi. Ia pun telah membangun konsep dirinya Universitas Brawijaya Univsebagai kekasih abadi bagi Fermina Daza. Namun, karena termotivasi oleh Universitas Brawijaya Fermina Daza, dalam rasa kesepiannya, ia berhasil mencapai aktualisasi dirinya yaitu dengan menjadi manusia terhormat yang dipandang oleh masyarakat. Setelah kurang lebih 50 tahun menanti, Florentino Ariza akhirnya mampu menaklukkan hati Fermina Daza. Dengan demikian, tidak peduli Uni seberapa menyakitkannya hal itu, Fermina Daza tetap menjadi motivasi utama Univ dalam segala hal yang telah dilakukan Florentino Ariza dalam hidupnya. Universitas Brawijaya Unive8sitas Brawijaya Universitas The oldest publication about loneliness is Uber die Einsamkeit which issitas Brawijava ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Univers proposed by Zimmerman in 1785-1786 in Germany. Then recent efforts were ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi begun in the 1950s with the publication of "Loneliness" by Fromm Reichman, Insitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya 1981, Perlman and Peplau had done various studies about loneliness in more Universit empirical way. They define loneliness as "the unpleasant feeling that occur when University sperson of social relations is deficient in some important way either it as quantitatively or qualitatively (Perlman & Peplau, 1981, p.31). Other definition of Universitioneliness which is frequently used in European countries is defined as follows: Loneliness is a situation experienced by the individual as one where there is an unpleasant or inadmissible lack of (quality of) certain relationship. This includes situation, in which the number of existing relationships is smaller than is considered desirable or admissible, as well as situations where the intimacy one wishes for has not been realized (De Jong Grivield, 1987, p.120) From the two passages above, it can be pointed out that the core issue of Universitioneliness is a subjective and negative experience and the outcome of a cognitive sitas Brawijaya evaluation of the match between the quantity and quality of existing relationship University and Brelationship standards. The opposite of loneliness is belongingness or sitas Brawijaya Universi embeddedness. Loneliness can be classified into several types according to its situations, Universit cause and effect but in general loneliness is divided into two, positive loneliness sitas Brawijaya universi and negative loneliness. The positive loneliness is related to situations such as the voluntary withdrawal from the daily hassle of life and is oriented toward higher University goals: a reflection, U meditation and v communication twith God. For Urecentsitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit phenomena, this kind of loneliness is more frequently related to by a separate Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijava** Universitas Brawijaya Universitas Brawijaya concept: Privacy. Gierveld (1985, p.486) said that privacy is done voluntarily and ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Universitis considered as freely chosen situation of the absence of contacts with other it as people. Meanwhile, the negative type of loneliness is related to an unpleasant or University inadmissible lack of personal and contacts with important others. Vijaya University B Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Br Universitas Another scholar named Weiss divides loneliness as emotional loneliness and University social loneliness. Emotional loneliness is defined as stemming from the absence Universitof an intimate figure or a close emotional attachment such as partner and best sitas friends. Social loneliness is defined as stemming from the absence of a broader group of contacts or an engaging in social network (friends, colleagues, and Universi people in the neighbourhood). Widowhood and divorce can be the cause of the sitas rise of emotional loneliness. This rise is indicated by intense feeling of emptiness, Universitabandonment, and forlornness. This loneliness only can be solved by starting asitas new intimate relationship since social support or the presence of family and Universit friends cannot compensate the loss of attachment figure. Universitas There are eight approaches in seeing Loneliness. They are psychodynamic models, phenomenological perspective, existential approach, sociological Universitexplanations, integrationist view, cognitive approach, privacy approach and general systems theory. Since the focus of this study is loneliness which is lead into self actualization, the writer will only describe about existential approach due University to its relation to creativity which will be the core issue of self actualization. It is important to distinguish between these two because the cause and Universit effect of each is very different. "Loneliness anxiety is a system of defense Universi mechanism that distract people from dealing with crucial life questions and motivates them constantly to seek activity with others" (Perlman & Peplau, p.126, Universit1985). Sitas Brawijaya Ocean is like a symbolization of the situation in Florentino Ariza's heart or University feeling. It is empty and lonely and the emptiness seems to kill him slowly since sites there are many obstacles to win Fermina's heart again. It affirms that the scene of rawijaya crashing waves is similar with the obstacles which Forentino Ariza has to face in Universit waiting Fermina. Besides, its dark lighting represents how miserable and sombersitas Brawijaya the feeling of Florentino Ariza. Universitas BrawThere are also some statements in the movie describing how Florentino Brawijaya Universi Ariza struggles to love Fermina Daza. "Fermina, I have waited for this itas Brawijava opportunity for fifty one years, nine months and eleven days. That is how long I Universithave loved you, from the first moment I cast eyes on you until now. I repeat to Sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya you once again my vow of eternal fidelity and everlasting love" (01:4:44). It is the fact that Ariza always hope for Fermina's ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Universitlove. His love for Fermina can't be removed or substituted by any other's love. Itsitas proves the theory of loneliness that "Love of intimate partner cannot be replaced University even a close member of family or friend. It just can be made if there is a newsitas Bra Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Bruniversitas Brawijaya Universitas Brawijaya Universi Universitalways makes a relationship and has sex with many women to lessen his feeling of Universitioneliness.ja His loneliness actually also comes from himself. It can be concluded by Universities discovered the following statement. "And, Mama, I have discovered the Universi reason for my existence. There is no greater glory than to die for love. I counted the eternal minutes one by one as I waited for her return. My destiny in life is to Universitlove Fermina" (00:10:23-00:10:35). These sentences describe how Florentino Ariza perceives himself as the eternal love for Fermina. It means that he builds the Universit constellation of his existence as human being to love for Fermina and no matter sitas Brawijaya Universi how hard it will be, he will always wait and love Fermina. Since there are many types of loneliness, the writer will also classify and Universit describe the loneliness which is undergone by Florentino Ariza. A psychologysitas Brawijaya scholar named Weiss divides loneliness as emotional loneliness and social loneliness (de Jong Gierveld, 1998, p. 82). Emotional loneliness is defined as University stemming from the absence of an intimate figure or a close emotional attachments tas Br such as partner and best friends. Social loneliness is defined as stemming from the absence of a broader group of contacts or an engaging in social network (friends, Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Widowhood and divorce can be the ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit cause of the rise of emotional loneliness. This rise is indicated by intense feelingsitas of emptiness, abandonment, and forlornness. This loneliness only can be solved University starting a new intimate relationship since social support or the presence of itas Braw Universitas Brawijaya Universitas Bray From the explanation which is also described in the previous chapter, the Universit writer can draw a conclusion that Florentino Ariza undergoes what is called bysitas emotional loneliness because he is obviously known to be left by Fermina Daza, a woman whom he loves very much, an intimate partner. The existence of Fermina Universi Daza cannot be replaced by someone else. It is known from Florentino Ariza's abundant relationships with 622 women. He might feel truly in love with one or Universitwo or three of those women but it still cannot substitute the meaning of Fermina Daza's presence in his life. Moreover, Florentino Ariza's willingness to wait for Fermina Daza, as it is explained before, increases the power of emotional sites loneliness. The only problem he faces is the lack of belongingness. It means that he always feels to have Fermina Daza as his lover. On the other hand, Fermina Universi Daza is the lady of another man. It can be assumed that Florentino Ariza also undergoes social loneliness since he never belongs to a social group of people. The finding of his social loneliness can be strengthened by quoting his Universi monologue "Ricardo the lighthouse keeper is my only friend". The phrase 'mysitas only friends' indicates that he does not have any friends other than Ricardo. From, that monologue, it can be understood that Florentino Ariza experiences double Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Meanwhile, his social sitas Brawijaya rawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya loneliness is something which intensifies his emotional loneliness. Universitas Brawijaya Universitas Brawijaya rawijaya rawijaya rawijaya Universitas Br From this conclusion, the analysis can be extended by regarding loneliness it as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya rawijaya Universit from existential approach. Existential approach, as explained in the previous grawijaya University chapter, is one of psychological approach in seeing loneliness which is developed Sitas Brawijaya rawijaya s Brawijaya Universitas Brawijaya University Existentialist scholars. This case Universi proves the existentialist taught that "there is no person other than ourselves that sites can feel or experience what we have ever felt (Perlamn & Peplau, 1985, p.126)". Existential approach proposed by Moustakas (1961, p.128) distinguishes two kinds of loneliness. These two kinds of loneliness are Anxiety Loneliness and True Loneliness. It is worth to distinguish between these two because the cause University and effect of each is very different. "Loneliness anxiety is a system of defenses mechanism that distract people from dealing with crucial life questions and motivates them constantly to seek activity with others" (Perlman & Peplau, 1985, 1985, 1985) p.126,). "True Loneliness stems from the reality of being alone and of facing life's ultimate experiences such as birth, death change, tragedy) alone. From Universi Moustakas' viewpoint, true loneliness can be a creative force (Perlman & Peplau, Sitas Br 1985, p.126). Meanwhile, Moustakas (1972, p.20-21) defines True Loneliness as Universitas Brawijaya Universitas Brawijaya ersitas Br Every real experiences of loneliness involve a confrontation or an inverse encounter with oneself. The encounter is joyous experience. Both the encounter and the confrontation are ways of advancing life and coming alive in a relatively stagnant world; they are ways breaking out of uniform cycles of behaviour. cycles of behaviour. Universitas Brawijaya Univ32sitas Brawijava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brav The analysis will begin from the lowest level which is biological and Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Universi physiological needs. This basic needs have to be completed since it is the sites requirement of how somebody can survive. Without food, air, drink, warmth and University sleep, the human body cannot continue to function. In the movie Love in the Timesitas Bra Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Br Universi The second level of needs is safety Needs - Once physical needs are somewhat Universitsatisfied, focus on safety needs take precedence and dominate our behavior. For sitas the second level of need, Florentino Ariza accomplishes it since he is always saved from civil war and cholera epidemic, while many others become the victims Universi of civil war and cholera. The only thing has troubled him is his love for Fermina. Sitas In his poem, he ever compares the pain of love and of cholera and civil war. This Universitis the poem, "If the suffering of your own heart doesn't kill you, the ever-recurring itas civil war might. And there is the disease that comes between the burst of Universit bloodshed, the deadly choking embrace of cholera. She is even more impossible Universito predict than war. She grabs hold, then suddenly she lets go. She grabs hold, she lets go (00:29:07 – 00:29:36)". Universitas BravIn that poem, Florentino Ariza tries to explain what the people suffer sitas Brawijaya wiiava Universitas They suffer from cholera, a deadly disease which suddenly come and suddenly go. For himself, he seems to suffer from cholera instead of the suffering from love Universitas Brawijaya Universitas Brawijaya University pain. It means that the pain of his love tragedy is the same with the pain of peoples it as Brawijaya ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya who suffers from and dies due to cholera illness. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas BrawThe third level is the need of belongingness and the need for love. Human is a social creature that has to live with any other human beings. This matter obliges human to love and to be loved. Maslow (1943, p.381) explain love Universitneeds as the following: ersitas Brawijaya Universitas Brawijaya The love needs. -- If both the physiological and the safety needs are fairly well gratified, then there will emerge the love and affection and belongingness needs, and the whole cycle already described will repeat Slitself with this new center. Now the person will feel keenly, as never before, the absence of friends, or a sweetheart, or a wife, or children. He will hunger for affectionate relations with people in general, namely, for a place in his group, and he will strive with great intensity to achieve this goal. He will want to attain such a place more than anything else in the world and may even forget that once, when he was hungry, he sneered at Universitiove. (Maslow, 1943, p.381) This assertion affirms that love need is very important to human being as it will Cersi complete the meaning of their life. If these elements are absent, social anxiety and depression can arise. This is the main problem of Florentino Ariza. Since he is deeply in love with Fermina Daza, he builds his own need to be loved back by Fermina. However, because Fermina Daza belongs to someone else, she cannot love him back, although in the early encounter, they attach each other as a couple Universi through letters and secret dates. As Florentino Ariza cannot forget her and doessitas Brawijaya not have any willingness to forget, he still keeps his feeling inside his heart. In fact, this feeling seems to kill him slowly. Then his mother, Transito Ariza asks Universitas Brawijaya Universitas Brawijaya University his uncle to move him away from any kind of letters and telegraphs so that he it as cannot attach to Fermina Daza again. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Univ37sitas Brawijaya Universitas Brawijaya Universitas Brawijaya For esteem needs, this level is completed when one feels comfortable with University what they have accomplished from a success and status standpoint. Maslow in his sites book The Theory of Human Motivation (1943, p.380) defines Esteem as the rawijaya rawijaya Universitfollowing: jaya Universitas Brawijaya Universitas Brawijaya The esteem needs. -- All people in our society (with a few pathological exceptions) have a need or desire for a stable, firmly based, (usually) high evaluation of themselves, for self-respect, or self-esteem, and for the esteem of others. By firmly based self-esteem, we mean that hive sale University which is soundly based upon real capacity, achievement and respect from Iniversity others. These needs may be classified into two subsidiary sets. These are, first, the desire for strength, for achievement, for adequacy, for confidence in the face of the world, and for independence and freedom. Secondly, we have what we may call the desire for reputation or prestige (defining it as Universit respect or esteem from other people), recognition, attention, importance or appreciation. From the explanation, it verifies that esteem is all about self respect, confidences, competence and knowledge that other hold them in high of confidences. This need is achieved when one can get respect from others. Florentino Ariza's esteem is shown when he is old. After watching asitas Brawijaya movie performance in town, in fact Fermina and Urbino are also there, Florentino Universitis able to show himself directly even shakes hands with Urbino and also shows respect gesture to Fermina by raising his hat. It is happened since he has confidence due to his higher position as the president of the Carribbean River Company, which makes him very rich now. It is very different to the years which stas Brawijaya passed by, he had never shown himself directly to them, he just always watch as Brawijaya Universitas Brawijaya Universitas Brawijaya them from far away.
