In addition to that, the writer will explain about her objective of sites Brawijava Universitas Bra the study. **Universitas Brawijaya Universitas Brawijaya Universit1.1 Background of the study** Literature has various works which are not only in writing but also in the Universi visual and acoustic ones. As mentioned by Glarer (1999:1-2) literature is "the Sitas Brawijaya Universitaesthetics or art of writing expressions including visual and acoustic elements".sitas Brawijaya Visual and acoustic here is the element that uses the senses of sight (visual) and Universitauditory (acoustic). Literary works that use both elements is movie. Literature and sitas Brawijaya movies have the same function, for example as a medium to express feelings or as Universita tool to express their thoughts on something. Movie is a work of literature that is Brawijaya Universitvery easy to be accepted and is widely favored. Movie is also a historical recordsitas Br that can bring us back to a certain period. By watching a movie people will be Universit more aware of life and its different sides. The common issue that usually appears it as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitin movie is about race versitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universities Brass Ashcroft, Griffitsh, and Tiffin (2000. Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** Universitas Brawijaya University implies the mental and moral behavior of human beings. Nowadays race become tas Brawijaya ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi the makers of human identity, especially about the skin color as mentioned bysitas Brawijava Loomba (1998. Page 105): "While color is taken to be prime signifier of racial rawijaya Universi identity, the latter is actually shaped by perception of religious, ethnic, linguistic, sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitational, sexuals and class differences". Here Loomba emphasized about color as the Brawijaya Universit the signifier of racial identity where people have whites for the Europeans, blacks Brawijaya Universi for the Africans, yellow for the Asians and Reds for the Americans. This kind of sitas differentiation creates racism in our society. Racism is a kind of discrimination Universit which leads to skin color or race. Marshall (1992, para 20) says: "I wish I could say that racism and prejudice were only distant memories. We must dissent from the indifference. We must dissent from the apathy. We must dissent from the fear, the hatred and the mistrust...We must dissent because America can do better, because America has no choice but to do better." From that quotation the writer can see there is a relation between race and UniversitAmerica. In the Outline of American History (2005, page 123-144), it is explained sitas Brawijaya that America is a superpower nation that now most of the population is black Universitimmigrants or known as Afro or Negro. Historically black people have sitas Brawijaya Universi experienced many events in the achievement of freedom. They got offensive treatment of most Whites in the past, in which many blacks were employed as rawijaya Universi slaves, laborers and servants for white people (as depicted in The Help movie). Sitas Brawijava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi Blacks were also treated differently from whites, for example: they got different sites Blacks public facilities and their rights were also restricted. Universitas Brawijaya Universitas Br Eventually, they gained freedom with the establishment of Civil Rights Universit Movement. Civil Rights Movement was intended to remove segregation and grantsitas freedom to the blacks. However, their history is not easily separated from the Universi black and it is still there in people's mind. Somehow because of this Black'ssitas Br Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Br Universi history lead some people to prejudice easily towards the Blacks. Prejudice comessitas Br Universit from people's mind and its usually negative thinking of feeling. According to sitas Br s Brawijava Universi UniversitAllport (1957, p.7): "Prejudice as an aversive or hostile attitude toward a personsitate who belongs to a group, and is therefore presumed to have the objectionable qualities ascribed to the group". This definition shows that prejudice is an University aversive or hostile attitude to a person who belongs to some group without any sufficient reason and trying to know the truth. This kind of racism and prejudice is known as Racial Prejudice, where object of the racial prejudice is usually from the Whites to the Blacks, as Universit portrayed in The Help and The Blind Side movie. Racial prejudice which happens it as Brawijaya between white and black in this movie continuously appear and become interesting to be studied more. Racial prejudice can happen to anyone, but the Universitwriter here more focus on how the racial prejudice happens to blacks people insitas Brawijaya Universi America. Universitian Branchist, the writer tries to compare two different literary works which have Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi the same issues about racial prejudice experienced by black people in America sitas Brawijaya After searching and examining some literary works, the writer chooses two literary works in the form of movie to be used in this study. The movies for this Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi thesis are The Help and The Blind Side. ava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya srawijaya rawijava
