Universitas Brawijaya University study, objectives of the study, and the definition of key terms. rawijaya TAS BRAY, Universitas, Background of the Study Universitas Brawijaya Pragmatics focuses on what is not explicitly stated and on how we Universit Universi interpret utterances in situational contexts. They are concerned not so much withsitas Brawijaya rawijaya rawijaya Universithe sense of what is said as with its force, that is, with what is communicated by stas Brawijaya rawijaya Universithe manner and style of an utterance (Geoffrey Finch, Linguistic Terms and Sitas Brawijaya rawijaya Universi Concepts. Palgrave Macmillan, 2000). Particularly, Politeness has become one of sitas Brawijaya rawijaya the main theme in recent pragmatic research. the phenomenon is reflected in a Universityariety of approaches to the delimitation of the notion and to manifestations of sitas Brawijaya University politeness in different types of discourse. Politeness has been studied on the basis sitas Brawijaya University of common conversation and text discourse. And then this thesis are concerned sitas Brawijaya University with FTA(Face Threatening Act) and politeness strategies as concept insites Brawijaya Universitas Brawijaya rawijaya University advisees. This study is inspired by phenomenon that happens around, where Sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi lecturers as advisors in English department usually accept the text message from sitas Brawijava Universitas Brawijaya rawijaya Universit messages with impolite attitude, sometimes. So, the purpose of this study to sit as Brawijaya Universitas Brawijaya rawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya students as advisees English Department in order to be more polite and to pay more attention the politeness strategies when sending the text messages to their ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Universi lecturers as advisors for asking about address, requesting to meet their advisors, asking about schedule, and so on. And then the question of what the role of FTA Universi and politeness strategies play in this type of discourse. In this case, the writer wills as B Universitas Brawijaya Universitas Brawijava Universitas Brawijava The writer uses the theory of politeness by Brown, which represents the main theoretical framework for qualitative pragmatic analysis. In this part the University writer is exlaplaining about politeness, Face Threatening Act and politeness Braw strategies. Politeness itself in adjective is polite that mean showing behaviour that is respectful and considerate to other people, and within attribute is relating to Universi people who regard themselves as more cultured and refined than others: the picture outraged polite society (The Concise Oxford English Dictionary(2004)). In Universitione sense, all politeness can be viewed as deviation from maximally efficient stass communication; as violations (in some sense) of Grice's (1975) conversational maxims (see cooperative principle). To perform an act other than in the most clear Universitand efficient manner possible is to implicate some degree of politeness on the parts it as Braw of the speaker. To request another to open a window by saying "It's warm in here" is to perform the request politely because one did not use the most efficient Universi means possible for performing this act (i.e., "Open the window"). Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas ersitas Brathen, the politeness theory has some kinds, one of them is Faces tas Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Threatening Act. Face-threatening acts are acts which in some way threaten the 'face' or self-esteem of another person. Some people think that all communicative Universitas Brawijava Universitas Brawijava Universitacts are potentially threatening. In fact, the potential does exist to threaten 'face's

**Universitas Brawijaya** Universitas Brawijaya with every act of communication. Whether the act is actually a threat depends not on the intention of the speaker but on the perception of the listener. FTA Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit Universi theory also differentiate between acts that threaten negative face and those that threaten positive face. Negative face has acts, such as orders, sugesstions, Universi remindings, and dare or warnings. Then, positive face also has acts, such assitas Bl Universitas Brawijaya University of dangerously. And then strategies for doing FTA are on record (without strategies) University redressive action, badly, with redressive action (positive politeness, negative politeness), and off record. Next, we can minimize the FTA by using the politeness strategies. Politeness strategies itself are used to formulate messages and utterance in order Universities to save the hearer's face when face-threatening acts are inevitable or desired. Then sit as politenes strategies are distinction between positive politeness, and negative University politeness. Positive politeness has such strategies as, notice attend to H (his las interests, wants, needs, goods), exaggerate (interest approval, sympathy with H), intensify interest to H, used in-group identity markers, seek agreement, avoid Universit disagreement, presuppose/raise/assert common ground, jokes, vaassert vorsitas Br presuppose S's knowledge of and concern for H's wants, offer, promise, be optimistic, include both S and H in the activity, give (or ask for) reasons, assume Universitor assert reciprocity, give gifts to H (goods, sympathy, understanding, sites cooperation). And then in negative politenes also has strategies such as, be University conventionally indirect, question, hedge, be pessimistic, minimize imposition, sitas Br Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi give difference, apologize, impersonalize S and H, State the FTA as general rule, nominalize, go on record as incurring debt, or as not indebting H. Universitas Brawijaya Universitas Brawijaya

**Universitas Brawijaya** Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijava The phenomenon of politeness strategies can be encountered in any Universition conversation. Text messages as the subjects of this study serves in Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas University which the politeness strategies occur. Furthermore, this topic can be stas Brawijaya Universities as a new phenomenon of language study. "Politeness is one of the sitas Brawijaya Universi constraints of human interaction, whose purpose is to consider other's feelings, sitas Brawijaya establish levels of mutual comfort, and promote rapport." (Hill et al:1986: 282). Universit Politeness is an aspect of pragmatics in that its use in language is determined by Sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitan external context. This external context is the context of communication, which sitas Brawijaya Universitas Brawijaya is determined by the social status of the participants: politeness is a system used Universitas Brawijaya Universitas Brawijaya University the speaker in order to keep up to the addressee's expectations. "We are toldsitas Brawijaya rawijaya Universitas Brawijaya power, and imposition. The universal goal of politeness is to sit as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **2.2 Face and FTA(Face-threatening acts)** Universitas Br Face is term drawn from Goffman. Then he adds based on Universi Brown and Levinson's statement that face is something that is emotionally it as Brown invested, and that can be lost or enhanced and must be constantly attended to in versitinteraction. So, Brown and Levinson use the concept of face to explain politeness. Sitas To them, politeness is universal, resulting from people's face needs positive face is the desire to be liked, appreciated, approved, etc, negative face is the desire not to Universit be imposed upon, intruded, or otherwise put upon. Universitas Brace-threatening acts are acts which in some way threaten the 'face' or self-esteem of another person. People think that all communication acts are potentially threatening.
