Universitas Brawijaya Universitas Brawijava Universitas Brawijaya Universitas Brawijaya Universitas **Introduction**ersitas Brawijaya 1.1 Background of Study as Brawijaya Universitas Brawijaya The development of man thought gives effect in various areas, such as the Universifield of religion and science. This change brings something new in which mansitas Brawijaya basically has a conviction and destiny, man can change the beliefs or the destiny he has, by an intuition. It is in this latter sense that consider as a movement of Universi transcendentalism. Emerson says: What the transcendentalist wanted to achieve and thought that they could achieve by a discpline of their intuitions was a direct relationship between the soul and God (Cited in Blau, 1952, p.111) This statement comes from a desire to issue different opinions on human mind or rebellion of the dogma in the era of the revolution of man thought. It is not always correct if man feels that everything should be logical because the other Universitate of man thought is not using logic, but feeling and intuition. Rebellion on the sitas Brawijaya development of man thought which says that feeling and intuition are worth to be Universitions considered in determining the matters of his destiny. Universitas Related with how man uses his emotion to support his intuition in order to make decision about his purpose life. It also brings something new in his way of Universithinking as the revolution in man thought. Talking about a revolution in mansitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya thought, it is also talking about the influence on the global world in America. Universit America as the land of assurance, the American values are usually associated with Universithe freedom and opportunity of gaining prosperity, recognition, power, triumph, sit as Brawijav and contentment. American development pivots in terms of political, sitas economic, social, cultural, and also American Literature. Related with constitution of America, the revolution about the development of human thinking led to a Universi development of the basic principles of the country, every man has freedom, in other words he is free to argue or express their feeling in literature field. Baym (2007) explains that American literature is literature work that State of the produced in the area of the United States. Owing to the large immigration to Boston in the 1630s, the high articulation of Puritan cultural ideals, and the early Universi establishment of a college and a printing press in Cambridge, the New England Colonies, have often been regarded as the center of early American literature. The religious disputes that prompted settlement in America are also topics of early sitas Braw During the 18th century, writing shifted focus from the Puritanical ideals of Universit Winthrop and Bradford to the power of the human mind and rational thought. The Sitas Brawli rsitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universita belief that human and natural occurrences are messages from God no longer fit with the new human centered world. This knowledge comes through intuition and Universitas Brawijaya Universitas Brawijaya Universi imagination not through logic or the senses. People can trust themselves to be it as

In America there are some people who follow sitas Brawijaya ersitas Brawijaya – Universitas Brawijaya Universitas Brawijaya Universitas Universitand trust of the concept of Transcendentalism, for examples Margaret Fuller, it as Henry David Thoreau. Theodore Parker, but the father of the movement, an Universitappellation he probably does not relish, is Ralph Waldo Emerson. Il aya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Gura (2007, p. 7) says that in 1836, Ralph Waldo Emerson (1803-1882), an Universities, minister, published a startling nonfiction work called Nature, in which he Universit claims it is possible to dispense with organized religion and reach a lofty spiritual sitas state by studying and responding to the natural world. His work influenced not only the writers who gathered around him, but also formed a movement known as Universi Transcendentalism. The Transcendentalist's moment on the literary stage is decidedly brief. With Universit Fuller's death in 1850, one of the movement's great advocates is silence. Emerson sitas lacked the vitality and desire to follow in her path. Though their hold on the public imagination is short-lived, the long-lasting influence that the Brawijaya Universi Transcendentalists has on American literature cannot be denied. Even thesitas philosophy's critics are forced to acknowledge the effects that the Transcendental Universit Movement has on the world, particularly the American experience of the world. 1.1.1 Transcendentalism in American Literature Universitas Transcendentalism gives some impacts for American culture especially in Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Universi literature. Transcendentalism is the representation of those impacts because of the basic democracy principle of America. American literature is like a bridge for the Universit writer in America, for example James Redfield who has the idea how to get bettersitas Universilife by emerging spirituality and intuition. Gura (2007, p. 8) explains that Transcendentalism is an American literary ersi and philosophical movement of the nineteenth century. The Transcendentalists, who are based in New England, believed that intuition and the individual conscience "transcend" experience and thus are better guides to truth than are the Universi senses and logical reason. Influenced by Romanticism, they believe that divinity is presents everywhere, in nature and in each person. Universitas Brawijaya **Universitas Brawijava** several American authors who also live among American society felt that they are Universitas Brawijaya Universitas Brawijaya University obliged to describe it into their literary work to give the visualization of the social conditions related to the values and philosophy that Americans have. Universities As the starting point of an author to write a novel, particular society is Universitas Brawijaya Universit (1984, p. 11) affirms that "there are variable relationships among three centers of Universityalue; character, society, and narrator which determine the range of functions or sites formal roles for society in the novel". Furthermore, a definition of society is as a mirror or representative of an outside world have tended to obscure the formal Universi variety of social phenomenon in novels. Society has a real effect of an author to create the ideology of the story. In fact, it is quite hard to determine that the author University actually portray the real society or not in their literary works. Yet, overall, authors usually use society because they live amongst it and the phenomenon which Universit happens inspires them to develop the story in their literary works. So do American Universitauthors. 2.1.2 Characters as Symbol of the Society Universitas Producing various characters to be the symbol of the society is one of the ways of an author to make the novel is more interesting. The reader may feel that the problem in the novel that the main character has to face is also their problem is sitas Brawijaya Universitas Brawijaya Universitas Brawijaya University a real life. Furthermore, sit as Boulton (1975, p.76) suggests that "the novelist not only selects and gives the Universi characters varying degrees of importance, but may use them as types, spokesman, sitas Brawijaya Universitas Brawijaya Universities representative of human beings and come to life as such, often with such sitas Brawijaya Universityitality that it does not seem absorb to ask what they might do in particular it as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas As in *The Celestine Prophecy* and *The Tenth Insight*, the main character, sitas Brawijaya situation. Transcendentalism does not reject an afterlife, but its emphasis is on this life. It is also stressed by Universi Emerson "a direct relationship between man and his God called 'transcend', that sites the soul of man can feel His existence when communicating in the inner" (Cited Universitin Blau, 1952, p.111). Back on the definition of the "transcend" is exceed, surpass, superior, and this relates to understand and affirm the existence of God. In transcendentalism, God is on this essence that is perceived as The Absolute, An Indefinite, and The Perfect. It can be explained by a sentence ' God is versit transcendent' as The Unreachable. Not reachable this means that through the five sitas Brawij senses, God indeed is not reachable. However, God is present in man as far as the man has faith and interprets all occurrences or events which are present in his life Universitas a work of God. Emerson purposes that "in ourselves are the elements of the itas Divinity"—because of our likeness to God. God becomes real to us as the Divine nature within us is unfolded. When man grows in God-likeness, he develops as itas Brawijaya power of vision which enables him to see the Divine in everything" (Cited in Blau, sites) 952, p.114). Spiritual energy is invoked by any true spiritual or humanitarian University motive. Anyone who is following their higher aspirations, who is being of genuine sitas Brawijaya ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas ersitas provide to others, who is coming closer to a realization of their own Divinity itas (Divine) – is invoking this energy to some extent.

Universitas Brawijaya Universitas Transcendentalism as a movement is rooted in the American past: Universitas Brawijaya Universitas Brawijaya Universi Puritanism it owed its pervasive morality and the "doctrine of divine light." This sita concept assumes acts of God, whereas intuition is an act of an individual. In this Universit case related to the changes, the changes are things that will surely be experienced as Brawi Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Br changes, if man reacts in positive way, it will be encourage the creation of Universitinnovative, creativity, initiative in life, but if in negative way, it will be stressfulsitas for him so that the balance of his life disturbed. Such things are regarded as "divine" due to Universitheir transcendental origins, and/or because their attributes or qualities are sites superior or supreme relative to things of the Earth". At that time, humans have to surrender themselves to God to maintain his life balance, by believing that the Universi miracle might be God's will, something that is beyond human capabilities, unseen. abstract, and transcends the nature of creation and superior that is transcendent. Universi Transcendental accentuates the spiritual elements. This spiritual elements creates it as Braw an individual to be more aware about his purpose life. Furthermore, John says: Universitas Br I had been following along as Sanchez spoke. Just hearing his niversitas Brawijaya Universities Briprocedure was increasing my connection. Everything around melniversities Brawijava had increased in presence and beauty. Even the rocks seemed to have a whitish glow and Sanchez's energy field was wide and blue He was now taking deep, conscious breaths, holding each about five seconds before exhaling. I followed his example. Redfield: The Celestine Prophecy, 1993, p. 98) Universitas Br It is a way in the concept of Transcendentalism, Gianini (1978) says that sit as Brawijav 'Transcendental meditation is directly related to nature and God to create inner peace and for people who undergo this meditation". John uses that meditation which is a practice by sitting and closing his eyes to train the minds or induces a mode of consciousness, either to realize some benefit such as gaining spiritual eysi energy and concentrated himself to face his problems. His breath pulls energy into sitas him and fills him and actually he becomes more energized and feels much lighter University and more buoyant. He began to feel exactly that way of his problem. As he fills upsitas with inner energy, other kinds of thoughts enter his mind from a higher part of himself. These are his intuitions. And then, he receives some form of intuitive Universi guidance or ideas where to go and what to do, and then there are coincindences it as events to allow him moves in that direction. After the meditation, John immediately senses the feeling of Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijava** Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** Universitas Brawijaya Universitas Brawijaya love towards the surrounding environment. He says "I looked to the right again ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Universi and tried to induce a love state" (The Celestine Prophecy, p. 101). Love, it is it as implies that Transcendentalism focuses on spirituality, abstract things, and love is Universitalso abstract that it cannot be seen but can be felt in the soul of man. Fathers it as Universitas Brawijaya anything else. It is a background emotion that exists when one is connected to the ers energy available in the universe; it is the energy of God" (The Celestine Prophecy, Sites 1993, p.98). And the result of that love is the concept of transcendence that God is lifted above and extrinsic to the universe He had made. It is also explained by Emerson "Idealism sees the world as a huge picture painted by God for the soul to contemplate; as an instantaneous creation, not a slow accumulation" (Cited in Blau, 1952, p.129). It says that humans learn the highest soul of men, that the dread universal essence which is wisdom, or love, or power, but all in one, and each entirely, is that for which all things exist, and that ers by which they are; spirit is present. It is in the same line with "Love" that refers to John's experience in gaining spiritual energy by meditation. The meditation brings a calming effect and directs his awareness inward until pure awareness is achieved Bl as "being awake inside" without being aware of anything. In brief, when he takes the spiritual energy from nature, he feels in love and then he gets the spirit back Universitinto himvijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit Universitas BraWhen man gets enough energy, he is ready to consciously engage in evolution by flowing, to produce the coincidences that will lead him forward. Man Universitiengages his evolution in a very specific way. Once he becomes conscious of the sitas Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** 

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawiiava Universitas Brawiiava questions active in the moment, he always gets some kind of intuitive direction of ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi University what to do, of where to go. The only time this will not occur is when man has the sital wrong question in mind. The problem in life is not in receiving answers. The University problem is in identifying their current questions. Once man gets the questions sit as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya right, the answers always comes. Universitas Brawijaya Universitas Brawijaya Universitas Br The reason why intuition is important, because logically, at a time when Universitman makes decisions to solve his problems, it is unlikely he has the information it as and data completely. Just as John who is the foreigner in Peru and has no power to resists the police in order to save his friends. With limited info and data, he should Universi still makes the decision how to save his friends, due to the insistence of timesitas where he is having to learn insights too, and the urgency of the issue in which he Universithas to meet again with Charlene on scheduled that already determined, at that sitas time, intuition can play an important role. "These are your intuitions. They feel different. They just appear in the back of your mind, sometimes in a kind of daydream or mini-vision, and they come to direct you, to guide you" (The Celestine Prophecy, 1993, p. 98). John's Universitintuition signifies that the current questions are he wants to know about the other insights; he wants to know if Wilson is going to find the others insight, and then he wants to know what happened to Marjorie. More than that, intuition is the Universit process of consciously evolving man of staying alert to every coincidence, every sitas answer the universe provides for him. It explains how man can help others as the answers he seeks. And further, it describes a whole new ethic governing the way Universi humans should treat each other in order to facilitate everyone's evolution. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawiiava Universitas Brawiiava **Universitas Brawijava** Universitas BraBy saying "Sooner or later coincidences will occur to move you in the Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Universit direction indicated by the intuition" (The Celestine Prophecy, 1993, p. 98) sites signifies that John has to believe on his intuition, he imagines about Wilson who Universitis running in the jungle with troops chasing him. John thinks that he is going to sit as Brawijaya Universitas Brawijaya So, he guesses 'the direction' means he should go toward the jungle to find Wilson Universitas Brawing Univer Universities By Universities protector occurs because of the dominant focuses on his interest only. When John Universi thinks his friends who split with him, he tries to follow his intuition to look for them. The dreams that are already planned, the man should work hard and uses Universitheir intuition to get it, because by using intuition, man can distinguish what is proper decision for his problem. This is similar with the intuition in Universit Transendentalism research conducted by Hadamard (1975, para. 19) that "the Sitas Brawijaya University verification of the solution to the problem is experienced by intuition". This means that if John believes and follows the intuition will help him to meet with Universi his friends again. **Universitas Brawija** Universitas Bra Another example of John's characterization in this novel which portrays concept of Transcendentalism is when he is continuing his journey and ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi Universitadventure in North toward the Amazon basin by old truck. He meets Phil, the itas ecologist from *Viciente*. He told Phil the details of what had happened to Wilson, Marjorie, and himself after leaving Vicente, especially the shooting on the ridge Universitop by the police. At that time, he promised himself that maybe he can find his Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya friends. This is important to note because Phil realizes that John chance to meet Universithis friends is very slight as the conversation below:ersitas Brawijava "Damn, "he said. "And you're still fooling around with this thing? His statement jarred my confidence, but I said, "Look, if we do nothing the government is going to suppress the Manuscript Br completely. The world will be denied its knowledge, and I think the niversities insights are important!" "Important enough to die for?" he asked (Redfield: The Celestine Prophecy, 1993, p. 102) The question "And you're still fooling around with this thing?" signifies Universithat Phil does not believe what happens to John who is still curious about the Sitas insights while in dangerous situation. Not only that, Phil does not believe that John have to save his friends in which he does not have enough power to against versi the police. It means Phil tries to persuade John that he does not has to save his friends. The concept of Transcendentalism which refers to the ability of human beings in factual fact or beyond to persuade others is called an impression. It is in sites line with how Phil impressable with John's intuition or even John does not care about the laws that forbid him to observe the manuscript considering he is Universitstranger in Peru. And John's answer "The world will be denied its knowledge, and sit as I think the insights are important!", signifies John prefers sending Phil out from the conversation by allusion. Phil insists by asking "Important enough to die as Brawijaya" Universitas Brawijaya for?", this situation reflects Phil's feeling of objection when he cannot gives solution and he just leaves John. However, all that Phil can do is questioning it University without being able to refuse John's will aya Universitas Brawijaya ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Based on the transcendental thought, Gura (2007, p. 8) says that "man gains his spirituality by understanding the certain objects of nature as spiritual

Universitas Brawijaya **Universitas Brawijaya** energy". By remembering to re-connect the energy from nature. Stay full, stay in a Universitas Brawijaya Universitas Brawijaya Universi state of love. John achieves this state of love, nothing nor anyone can pull more energy from him. In fact, the energy flowing out of him creates a current that pulls Universitienergy into him at the same rate. He must stays conscious of this process in orders that Brawin Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas B for it to work. This is especially important when he interacts with people. In short, John decides to meet with the police in the prison in Amazon basin. And then, he Universit gets Majorie in the prison too. This proven by intuition, John's spiritual sign is hear should go to prison to face the police to save Marjorie. This time he promises to himself for not returning back in front of the police. In the prison, when Majorie Universi carried her food to a table, and after being served, John walks over and sits with her and then he talks about how to get out from the prison. Majorie says: "God, I'm glad to see you," and "How did you get here?"; "I hid for a while with some priests," I replied. (Redfield: *The Celestine Prophecy*, 1993, p. 107). Her's statement signifies that she feels save when John finds her. In Universit Majorie's crucial situation is also experienced by John who is looking for her. Universit When John finds Majorie in good condition, he is also satisfied. And then, they are show their pasports to the police as the legal tourists in Peru and they are free. After that, John tells Majorie that he has to find Wilson immediately. As his sign of intuition that he should go toward jungle to meet Wilson, he goes there directly. In the middle when he is exploring the jungle, suddenly Marjorie regonized the University person by the hill to be Wilson. He sat cross-legged and held several papers in his sitas ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit lap. Majorie shows the portrayal of American Transcendentalism about intuition belief. As said by Koster (1975) "Connecting with energy from nature is

Universitas Brawijaya **Universitas Brawijaya** something humans have to be open to and talking about and expecting, otherwise ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi the whole human race can go back to pretending that life is about having powers it as sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Over others and exploiting the planet". It means that as long as man has sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universi connection with nature, he gets the spiritual energy and he has an intuition directly it as Brawii Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya into him. Just like John and Majorie did after exploring the jungle, the intuition Universit brings them to the right direction. Finally, they find Wilson. Brawijaya "Wilson," Marjorie called. Wilson turned and stoop up. His face seemed iridescent. "Where is Marjorie pointed to her right. There, perhaps a hundred yards away was Wil. He seemed to be glowing in the fading twilight. (Redfield: *The Celestine Prophecy*, 1993, p. 153) In the end, by a sign of spiritual of intuition, John finds Wilson in good condition. By exploring to nature makes man to learn a broader knowledge to solve his problem. And then, by keeping the issues of human life today with his power (seriously) in mind, and keep an eye on/ or waiting for referrals, either Universit through dreams, intuitive thinking, or with how the environment light up and hit sitas Bra it. And every time this coincidence events makes human gets something new, man grows up but it is better when he becomes more full which in a higher University vibration levels on his soul. Furthermore, he is more stronger in spirituality. Injury si John dedicated his times for saving his friends to survive in such condition, he has done some efforts to fulfil his life demands. What John has done Universitas Brawijaya Universitas Brawijaya Universitas Universitis generally related the idea that Americans like action. Althen (2001, p.11) says it as B that "they believe that it is important to devote significant energy to heir jobs or to University other reponsibilities. Beyond that, they tend to believe they should be doing sites. ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit something most of the time". The words man has habitually willed through their Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijava** Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universithead in an attempt to logic control events. As a man fills up with inner energy, ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Universi other kinds of thoughts enter his mind from a higher part of himself. These are sites man's intuitions that appear in the back of man's mind, sometimes in a kind of Universit daydream or mini-vision to guide him. In the novel, John had intuited somethingsitas Bra Universitas Brawijaya sporadically, a general rapture will not occur until he has abolished fear, until he Universi maintains a sufficient spirituality in all situations 3.2 John's Adaptation: Using Nature As Spiritual Energy For Transcendentalism, Emerson found "an order of increasing spirituality Universitin the four classes of service rendered to man by nature. From the sites mere"commodity" or pratical usefulness of nature, her value to man rises through versit "beauty", "language", and, finally, "discipline" (Cited in Blau, 1952, p. 126). He accustomed to put questions to his classes this way: 'In what respects would the world be different if this alternative or that were true?'(Cited in Blau, 1952. Universi p.254) asserts that commodity is the only of these uses which every mans tas understands. It is the immediate and direct service of nature in helping to gain spiritual energy. It means that all the parts of nature must work together if man is Stas Br to be benefited. Here, it can be seen that nature is also becomes the main concern Transcendentalism, Robbert (1996) purposes that "One of concepts in Universiphilosophy that goes beyond empirical or what is experienced. Among the Bra ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit ersi transcendentalist belief the inherent goodness in human beings and nature". Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** Universit disturbing issue of him who comes to find the existence of the ancient Manuscript. Universi Fortunately, he meets them again safely. Then he and his friends run as far assistant itas Brawijaya Universitas Brawijaya Univers Universi brave man, he tries to follow the intuition in probably there are more problems it as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya again. With the intention of asking for help, he approaches the priest who is looking for him, the priest is Father John. Then the priest offers him to stay Universitemporarily in monastery, because he knows John's purpose comes to Peru, which sites is to find the ancient manuscript. In the monastery, Father John helps John to identify the insight of subtle Universi energy that shaped by nature. In the first time, Father John tells him that the most fundamental energy for mankind to keep alive is the physical energy. Without the University physical needs, humans will not able to move from one place to another, even to sit as think. Physical energy is food, which is a basic requirement of human. As Universition between John and Father John below: "Yes, food is very important." "Do you meditate with the plants?" I asked. "You have read He looked at me with obvious surprise. Manuscript?" he asked. Bre Yes, the first four insights." "Have you grown food?" he asked. "Oh, no. I'm just learning about all this." "Do you see energy fields?" "Yes, sometimes." "Food is the first way of gaining energy," he said. Branodded. Universitas Brawijaya Universitas Brawijaya "But in order to totally absorb energy in food, the food must be niversitas Brawijaya appreciated" (Redfield: The Celestine Prophecy, 1993, p. 71) Universitas Brawijaya Universi Universitas BraThe sentence "Yes, food is very important", reflects that Father Johnsitas Brawijaya ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya believes food is very important because it is the first way to gain energy. And also,

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijava** to understand how food first referable to seek other energy, man must apreciate it Universi "This kind of deliberate appreciation of food was the real purpose behind the normal religious custom of being thankful, with the result being a higher energy absorption of the food" (*The Celestine Prophecy*, 1993, p.71). This is the reason Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas people should pray before eating. It is not just about being thankful but also it is to Universit make eating a holy experience, so the energy from the food can enter their body. Universi Father John adds that "Food is the first way of gaining energy" and then John's reaction is "I nodded", reflects that John sees something in philosophically that food is only first step, after personal energy is increased in this way, he becomes more sensitive to energy in all things and he learns to take the subtle energy as energy abundance without eating. It is reasonable, because as the concept of Versi Transcendentalism, nature is also tools to gain energy that called spiritual energy. Sites This shows the portrayal of American Transcendentalism. As Silberberg wrote: Transcendental strongly emphasized to keep our energy levels to stay in high level. Do not let your energy down, due to lack of niversitas energy would obscure everything. Keeping energy into you, especially through food. (2004, para. 4) After John eats, Father John invites him to a place with scenery that is Universi truly beautiful and then they both sit under a large tree outside the monastery. Stas Br There, Father John exemplifies the meaning of subtle energy to him. Father John tells his opinion of subtle energy from nature. Moreover he explains it to him. Everything around us has energy. But each has its own special kind. That is why some places increase energy more than others. depends on how your shape fits with the energy there. You have to be open, to connect, to use your sense of appreciation, as in seeing fields. But you take this one step further so that you get the ersitas Brasensation of vobeing safilled jup (Redfield: as The velestine niversity Universitas Br Prophecy, 1993, ep. 71)s Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brafather John's opinion shows that the combination of cooperation on Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Universitelements of the nature can support human life. Where of process ecosystemsitas producing spiritual energy could be the energy abundance for man. It is in same University opinion constructed by Emerson "Man's delight in the forms of nature must, sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Br however, be supplemented by a higher, more spiritual element if he is to gain a realization of the perfection of the beauty of nature" (Cited in Blau, 1952, p.126). Universi Beauty, it is a such abstract thing, which in Transcendentalism also focuses on the sites Atkisson (1994, para. 3) signifies that "start to get Universi acquainted with the subtle energy that infuses all things. With practice, you can learn to see the aura around any living being and to project your own energy Universitaround it to give it strength". Father John says that to feel the spiritual energysitas from nature by meditation, just like when John is gaining spiritual energy through Universit his intuition. He has to feel love in nature; he has to feel a real beauty of nature as Universita part of his body. By doing so, he says the incident he feels love in nature. As the conversation between Father John and John Woodson below: Universitas Bra'Do you think the tree is beautiful?" Father John asked. "Then, uh ... feel it ... uh." "I felt light and secure and connected." Universitas Bra How connected?" Universitas Br"It is hard to describe," I said. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** Univ<sup>34</sup>sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Br The question "Do you think the tree is beautiful?", reflects that Father John Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit Universifieds how perfect shape from nature itself and then the energy stored in himsitas because human's delight formed by his point of view on the landscape itself. rawijaya Then, he feels the most beautiful side of nature, he will get a form of realization of itas Brawijay Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya natural beauty. And John's answer is "I felt light and secure and connected", University reflects that John's feeling is to gain a realization of the perfection of the beauty of Universi nature, and then he feels shape of the natural beauty as subtle energy (spirituals) energy). The process of obtaining spiritual energy from nature that has been practiced by John implies the concept of gaining spiritual energy in Universi Transcendentalism. One thing that is also important is to keep on trying is in loving. As soon as man reach a State of love, there is no something else or anyone who can draw more energy from him than he can replace. In fact, the energy that flows out of him creates a current that pulls energy into on the same level. So, he can never run out of energy. (Silberberg, 2002, para. 6) In daily life, whatever problems that exist in the mind of man, instantly Universi disappear when he feels in love. Sometimes the problems encountered will besit as easier. It was all for John's curiosity that he would have done anything even to spent his all times. When he begged the priest to teach him to gain the subtle Universi energy as his spiritual energy, all of sudden he realized that he could fix any kindssitas Brawijay ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas of problems. He begins to step out of his comfort zone, from being skeptical and unconcerned about his purpose life into making a move to attract his life by the Universitinsights well.va Universitas Brawijaya Universitas Brawijaya John is continuing his journey and adventure in Viciente, he meets with Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** rawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijaya** one of the teachers at Peru, Sarah Lorner who teaches physic at the small college Universitin Maine, Peru. She explains her opinion about the insight of subtle energy to him, sites offending about a matter of energy. Although she is a teacher, she argues about the Universitinsight of subtle energy as a favor to the philosophical thought. In which, she it as Brawijay Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Br believes that spiritual energy from nature is sacred or pure energy, because she is Universit sure of an artificial nature of God, and all that exists on this planet comes from Universit God. She also concludes that the nature is the right place to get it, vijaya God knows," she continued, "this attitude served us well with the more obvious phenomena in nature, with objects such as rocks and bodies and trees, objects everyone can perceive no matter how skeptical they are. We quickly went out and named every part of the physical world, attempting to discover why the universe operated as it did. We finally concluded that everything that occurs in nature does so according to some natural law, that each event has a direct physical and understandable cause. (Redfield: The Celestine Prophecy, 1993, p.29). "God knows", signifies that she believes everything in earth formed by God. And then, "we finally concluded that everything that occurs in nature does Universities according to some natural law, that each event has a direct physical and sites understandable cause", reflects that she believes the relationship between man and nature will give positive energy for him. For Transcendentalism constructed by Emerson says that "beauty is the mark God sets upon virtue", this is the feeling of spiritual energy from man who takes him on the point of serenity. Such is indeed spiritual energy can not be visible by eyes, but can be felt by man's feeling (mind University and heart). This is the spiritual energy from nature which is one of human needs. Emerson also emphazises that: The power of the mystic to use nature as the focus of spirit, to Universitas Br develop the ability to become so completely absorbed in nature that niversitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya he (man) loses his sense of separateness and is aware only of his Universitias Brabiding kinship with all creations. (Cited in Blau, 1952, p. 123) Universitas BraIn statement above reflects that man uses nature as a spiritual energy, hesitas Brawijav has to develop his ability. If he wants to know the energy transferred by nature, Universities then he has to learn the true state of nature. It can be said that he who loves nature states Universitas Brawijaya Universitas Brawijaya in a good relationship, he receives spiritual energy completely. John agree with Sarah's opinion about the subtle energy is exactly logic. Universi He feels that the place he stands is one example of the existence of subtle energysit ers that has been described by Sarah. "At the top of the rise I was awestruck. It was another spot of incredible beauty" (The Celestine Prophecy, 1993, p. 30), reflects Universi that he really understands about the spiritual energy of nature that can be felt insit as Brawii beauty place too. He ponders and he thinks for a moment, and then remembers versit something that had been told by the priest: the Manuscript says the human sitas perception of this energy first begins with a heightened sensitivity to beauty too. This is an appreciation of a phenomenon of nature. If nature is a sign of Universithe greatness of God and then nature is a gift given by God to man, people take energy from nature to survive. They have to appreciate what belongs to nature, well as respect and submission to God. Universitas Brain this case, it is explained that if man is too busy to search for energysitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas abundance is unware. Sometimes gaining the energy obtained from something very simple, such as eat, love in the beauty of nature. When he eats, he gets great as Brawijaya Universitas Brawijaya Universitas Universi physical power to do his daily activity well and finally he gets subtle energy (spiritual energy) in his mind. It is potrayal of the concept of Transcendentalism in **Universitas Brawijaya** 

Universitas Brawijaya Universitas Bramas an individual can use his awareness to take in those niversitas Brawijava life-giving subtle energies from Nature, God/Source, and The Universe, and radiate them back out. So, when he appreciates the Universitas Br beauty and uniqueness of things, they receive energy. When they get Universitas Br to a level where they feel love, then they can send the energy back in versit Universitas Br just by willing it so (Silberberg, 2004, para. 19) it as Brawijava Those step are the manifestation of practically to gain spiritual energy from nature as potrayal the concept of Transcendentalism, and John adaptation to his new knowledge by learning and behaving the insights in ancient manuscript by his journey are manifested the concept of Transcendentalism that his experiences in gaining spiritual energy can change by the time to evaluate his life. As he said to Universi Wilson: "Yes, think of the events of your life. The idea is that everything happens by chance, that one can make good decisions and be prepared, but that every event has its own line of causation independent of our attitude" (Redfield, The Celestine Prophecy, 1993, p. 40) John used to be a man who is focus about finding and understanding for the basic value of Transcendentalism which tells about Divine, he gets new experience and he tries to face any kinds of problems and complicated condition Universitinstead of giving up by his capacity/ or intuition. This leads to John's efforts to sitas find Divine as his final destination. John's behavior is in line with Emerson (cited in Blau, 1952, p. 126) description about experiences to find Divine; that "Herein Universi nature illustrates the 'endless circulation' of Divine". In transcendentalist belief, the word "truth" is more common called as Brawijay Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Br as "spirit" and has meaning "the object of sensible experience" reflect "the University judgments of conscience" (Blau, 1952, p.128). It is potrayal of Transcendentalism Universithat "a philosophy that emphasizes a priori condition of a knowledge and sites experience known by character of the highest reality (God) or that emphasizes the Universit fundamental reality of the transcendent" (Boller, 1974). John, with his strong Universi intuition and good in spirituality, occasionally arguing about his life which never been better before his journey and adventure about gaining spirtual energy. He **University**: "I don't mean to minimize the formidable problems still facing humanity, only to suggest that each of us in our own way is involved in the solution. If we stay aware and acknowledge the great mystery iniversitias Brawijaya that is this life, we will see that we have been perfectly placed, in nivers exactly the right position to make all the difference in the world" (Redfield: The Tenth Insight, p.1) It can be said that John is man who is building upon the accomplishments of the previous one, destined for an end he could only dimly remember. He is in the process of awakening and opening up to who he really is. and what he has to do, which is often a very difficult task. Yet he firmly believes Brawijayo Universithat if he always integrates the best of the traditions he finds before him and keeps the process in his mind, each challenge along the way, each interpersonal irritation Universition be overcome with a sense of destiny and miracle. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya However, after he meets the priests who is teaching him about the insights, he also University makes a progress about gaining spirtual energy. Then, as the condition changes it as tas Brawijaya Universitas Brawijaya Universitas Brawijaya Univers significantly since he was arrived in Peru, he makes a quite impressive as Brawijaya Universitas Brawijaya Universitas Brawijaya Universit Universi development and progress about everything, especially his skill to solve his it as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya problems by spiritual energy and brings him into Divine. Universitas Bramilithe middle of his journey and adventure to find Divine, John Universi remembers Charlene who over a month had now passed since he had last contacted her office at the research firm where she worked. By the time, he meets Frank Sims, Charlene's officemate, he had thought to call him, and then he had become clearly alarmed. Along the length of the valley ran a winding stream that coursed through stretches of open meadowland and thick, colorful forests-Universi forests, with trees standing hundreds of feet high. John has experience about the beautiful of nature and he guesses that it is his final answer about Divine. He says: Our greatest mistake, in my opinion, is to think that human spirituality is somehow already understood and established. If niversitas history tells us anything, it is that human culture and knowledge are constantly evolving. Only individual opinions are fixed and dogmatic. Truth is more dynamic than that, and the great joy of life is in letting go, in finding our own special truth that is ours to tell, and then watching the synchronistic way this truth evolves and niversit takes a clearer form, just when it's needed to impact someone's life (Redfield: *The Tenth Insight*, p.1) His statement signifies that the truth is a lived portrait, of the new Universitas Brawijaya Universitas Brawijaya University perceptions, feelings, and phenomena that are coming to define life, it can be said it as sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitat that it is about understanding this whole awareness-the perception of mysterious coincidences, the growing spiritual consciousness on Earth. John perceives a clear Universi hunch about what to do or where to go to pursue his purpose life and the answer

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya about Charlene who is dissapear. He would find no message, no coincidence, ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitexcept he has to use his intuition again to know Charlenes's position. This acts it as rejects the function of intuition to solve the problem. Universities BraThis was especially true when the intuition was to seek out liversities Universitas Br someone I already knew to some extent, an old acquaintance nive perhaps, or someone with whom I worked routinely (Redfield: The Tenth Insight, 1996, p. 2). rsitas Br John's statement reflects that actually, he is Charlene's old boyfriend, hesitas Brawijaya thinks that he also has kind of close romantic relationship which supports his intuition work. So, he could find where Charlene is. This is supposed to portray Universi Emerson's idea that "Each creature is only a modification of the other; thesitas likeness in them is more than the difference" (Cited in Blau, 1952, p. 128). John implies that his skill has developed during when he is searching Charlene. Furthermore, he believes that this skill would help him to find Divine. Divine is closely related to transcendent force/or spiritual energy, so that in some cases the powers may themselves be invoked independently. Ida says that Stas Brawijaya "Divine are regarded as eternal and based in truth. Such things that qualify as Divine are apparations, visions, prophecies, miracles, and in some views also the soul, or more general things like immortality, grace, and salvation" (Ida, 1953).sitas On other side, Transcendentalist who believe that: Since one divine character was immanent everywhere in nature and Universitias Br in man, man's reason could discern the spiritual ideas in nature and niversitias Brawijaya B his senses could register impressions of the material forms of nature. To man the subject, nature the object, which shared the same divine constitution as himself, presented external images to the innate ideas in his soul. " (Robert, 1996) **Universitas Brawijaya** 

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijava** Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya This leads to use Divine (and a less common usage of divinity): to refer the ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas University operation of transcendent power in the world and extensions of divinity and divines it as tas Brawijaya Universitas Brawijaya Universitas Brawijaya power are credited to living , mortal individual. tas Brawijaya Universitas Brawijaya Universitas Brawijaya Universities Bra Human as mortal individual notices that he cannot live alone in this Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit world. Universities rather the relation of love with God as Transcendent. There is no relationship that ers is sublime, the more beautiful, and more depth than the relationship of love with God. Occasionally this relation is discoverable in thoughts as well as things, man ersi will find some new points of interest, but just as frequently, intuitively, in spite of efforts to get spiritual energy as a common world vision. In Transendentalisme perspective, Ida (1953) says that "Human that included all his way either atheistik Universit and recognizes God in 'common vision' as the basis of the real truth". John chooses to find Divine as his final journey and adventure in Peru. He has to know about that and make him try to find the clues in any conditions. In the ersi midst when he learns the Divine and he is also looking for Charlene, he meets a sit as ersit as Brawii ava Universit as Brawii ava Universit as tribesman—David Lone Eagle. And then, he asks him about Charlene, fortunately ersit as the contract of th he knows about her. He says that Charlene in the forest, she is hiking into the sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universit valley alone. John says "I looked in that direction. From this perspective, the valley was enormous, stretching forever into the distance" (The Tenth Insight, 1996, p. 5), reflects that he thinks Charlene tries to figure out about the place that Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya shows about the existence of a 'common vision' the place that had been told in the Universitancient manuscript as the representative of God existence. And then John says: versitas "After traveling perhaps three miles, a perceptible wave of fear and nervousness passed through my body and I immediately felt I fatigued, so I sat down and leaned against a tree, attempting to focus inversities Br on my surroundings and gain inner energy. The sky was cloudless inversitas and the morning sun danced through the trees and along the ground around me. I noticed a small green plant with yellow blossoms about ten feet away and focused on its beauty" (Redfield: The Tenth Insight, p. 10) The statement highlighted American Transcendentalism, Atwood (2003, para. 2) who believes that "insofar as the proposed properties of "subtle energy Universitare not those of physical energy, there can be no physical sciencetific evidence for sitas the existence of such "energy". It can be said that after John feels the view of nature surrounding him, he gets the energy which is the beauty of nature. The si beauty itself is a result when man tries to connect with the nature well. So that why 'subtle energy' signifies as the beauty of nature. In Transcendentalism perspective, Emerson also says that" the spiritual energy element is introduced in the insight that virtue and beauty go hand in hand, that a man of virtue is attuned to nature; finally, the beauty of nature becomes an ersi object to man's intellect" (Cited in Blau, 1952, p. 126). It is portrayal that the sitas subtle energy/or spiritual energy is not the truth which is comparable with John's goal in gaining spiritual energy to find Divine as the truth. And then, David thinks Universitas Brawijaya Universitas Brawijaya ers further human can remember a common world vision of how they will all work together to create a new spiritual culture. It is in line with Emerson who says that ers man gets the truth supported by nature. Moreover, he explains that nature is holy sit as Braw place and the truly beauty to keep the man's spirituality.

Universitas Brawijaya Universitas Brauty is related to thought as well as to vitue. This relation is one niversitas Brawijaya Universitias Br of creative use, or art. The beauty of nature reforms itself in the niversitias Brawijaya Universitas Br mind, and not for the barren contemplation, but for new creation niversitas Brawijava Universitas Braccitad in Blau, 1952; p. 126) awijaya Universitas Brawijaya Universitas Brawijaya Universitas BraAnd then, John asks him "Who knows about all this?", reflects that he is Sitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya rawijaya Universi only who knows about how to get the spiritual energy through his journey and sitas Brawijava meets with some priests. In other side David thinks that the spiritual energy is just Universi human relationship with God, so he says "So far it's all rumor, bits and pieces of sitas Brawijaya information, intuition. The truth, not a soul has seen it in manuscript". It is also highlighted Emerson belief that "we can not test the truth of what our senses tell Universitus. It is only the untutored who can be led by sensory evidence to believe that sit as Brawijaya nature certainly exists" (Cited in Blau, 1952, p. 128). In this respect, John as man is required to strive and work hard to understand the Divine, and put his fate in Sitas Universit God for sure. When John is in David's place, he is forced to ask attractively as possible Universities make David notice his curiousity about Divine. Acctually, he is not type of asitas Brawijaya attractive person. So, he makes David gives all of informations about Divine. Universit Suddenly David says "The Tenth Insight-learning to have faith in our intuitions, sitas Brawijaya Universi remembering our birth intention, holding the World Vision-all of it is about understanding the essence of real prayer" (Redfield: *The Tenth Insight*, 1996, Universitas Brawijaya Universitas BraForm of divine is suggesting that the rule is in accordance with the will of sitas R God which is in respective traditions, are each said to have performed Divine Universi power" (Hoppe and Tobias, 2002, para. 4). 'Tradition' in such Divine, in these it as Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas faiths, would express itself naturally if it were not obscured by the social and Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya University physical worlds man live in; it needs to be brought to the fore through appropriate Universi spiritual practice. In other words, he must understand that a spiritual practice is sitas prayer as his relationship with God. Here does not speak in terms religion, but rawijaya University rather in spiritual terms where man relationship with God is how he continues to sit as Brawijay Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya maintain his vision for positive energy from God. At that time, John is very Universition confuse because for the severals times he tries to understands what is the point of Universi David's explanation about Divine. And then, he asks him again "Why does everysit religious tradition assume a form of prayer?" (Redfield: The Tenth Insight, 1996, p.135). David continues: If God is the one, all-knowing, all-powerful God, then why would we have to be seech his help or impel him to do something? Why wouldn't he just set up commandments and covenants and judge us accordingly, taking direct action when he wanted to, not us? Why would we have to ask for his special intervention? The answer is that when we pray in the correct fashion, we are not asking God to do something. God is inspiring us to act in his place to enact his will on the Earth. We are the emissaries of the divine on this planet. True prayer is the method, the visualization, that God expects us to use in discerning his will and implementing it in the physical dimension. His kingdom come, his will be done, on Earth, as it is in heaven (Redfield: The Tenth Insight, 1996, p.135) David's statement above to explain when man prays, sometimes not Universi demands to ask help from God but how he obtains the positive energy to do thesitas best for his future. With the positive energy in the man's mind is as a solution when he gets a problem in his life. And then, John says "So, God is inspiring us to Universitact in his place to enact his will on the Earth. We are the emissaries of the divines it as B on this planet" (Redfield: The Tenth Insight, 1996 p. 135). This deed is actually Universitimeant to prove himself intuitively gets the point about Divine in order to gain sitas Brawijaya Universitspiritual power as (common vision'awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya **Universitas Brawijava** Universitas Brawijaya Universitas Brawijaya Universitas Brangain, "every thought, every expectation-all of what man visualize Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya University happening in the future-is a prayer, and tends to create that future but no thought sit as or desire or fear is as strong as a vision that is in alignment with the divine" (The University Tenth Insight, 1996, p.135). It can be seen if man prays for world peace for five it as Brawijay Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya minutes, in a rather hopeless, apathetic fashion, that he will not invokes enough Universitienergy to have much effect on the world - though this is still better than not Universit praying at all. In John understanding, he ask David to show him about true prayer. Directly, David instructs him "Let's do the same now," (The Tenth Insight, 1996 p.136). And then, John follows him carefully: David closed his eyes, and I followed his lead, trying to visualize an image of Maya awakening to what she was supposed to do. After a few minutes I opened my eyes and David was stanng at me. The owl screamed again right above our heads (Redfield: The Tenth *Insight*, 1996, p.136) In this case, David asks John to pray together explains that if two, ten and more million people praying for world peace for an hour, with all their hearts and Universition, and full concentration, this would have a very marked effect on the state of sites the world - no matter what their religion was. Emerson says "Nothing of us, All is all God" (Cited in Blau, 1952, p.125). In this statement, the real representative of Universi man is not formed of suffrage or solicition of his neighbor. Man's character is selected and shaped by God, and it is representative of the spiritual energy. Universitas BraAfter that, John is still curious about where Charlene is. David notices his ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya University, then he invites him to meet Charlene. David says "Look! There!" David said, pointing" (The Tenth Insight, 1996, p.136). John says: Universitas Br Among the rocks to the right of the pool I could make out several University Brigures. He feels restlessness about his purpose life and Universi unsatisfied with his job. So, that is why he joins with Charlene to make newsitas Universitas experiences by journey and adventure in Peru. Moreover, he thinks that he sitas probably finds new knowledge to fix his purpose life. Instead he learns the Brawi Universit knowledge in gaining spiritual energy that useful for himself.
