

## DAFTAR TABEL

| Nomor     | Judul                                                                           | Halaman |
|-----------|---------------------------------------------------------------------------------|---------|
| Tabel 2.1 | Konduktivitas termal beberapa material .....                                    | 6       |
| Tabel 4.1 | Data Pengujian <i>Perforated Burner</i> tanpa toroid .....                      | 24      |
| Tabel 4.2 | Data Pengujian <i>Perforated Burner</i> dengan toroid tebal 0,5 mm .....        | 24      |
| Tabel 4.3 | Data Pengujian <i>Perforated Burner</i> dengan toroid tebal 1 mm .....          | 25      |
| Tabel 4.4 | Data Hasil Perhitungan <i>Perforated Burner</i> tanpa toroid .....              | 28      |
| Tabel 4.5 | Data Hasil Perhitungan <i>Perforated Burner</i> dengan toroid tebal 0,5 mm .... | 28      |
| Tabel 4.6 | Data Hasil Perhitungan <i>Perforated Burner</i> dengan toroid tebal 1 mm .....  | 29      |
| Tabel 4.7 | Data Prosentase Distribusi Energi Masing-Masing Sistem Pemanasan .....          | 29      |
