Nestapa, Niscaya Sirna. 2021. Gender Discrimination Portaved in Film "Kim Ji Young: Born 1982" : A Study of Critical Discourse Analysis, Study of Program English, Universitas Brawijaya. Supervisor: Yuni Astuti S.Pd., M.Pd., Co-Supervisor: Brawijava Universitas Brawijava Unive Keywords: Gender Discrimination, Critical Discourse Analysis, Film, Kim Ji Young: a Unive Born 1982. java

Nowadays, film does not only emerge as an art and cultural product, but also as a media which refelcts values, criticism to the social issues, ideas that are called Unive as ideology. In revealing ideology, a study of critical discourse analysis can be used. In this study, CDA is applied to reveal certain ideology in film "Kim Ji Young: Born 1982" with two research objectives; (1) to determine what type of gender discrimination found and experienced by the characters in the film "Kim: Born 1982" (2) to reveal how the ideology of the film "Kim Ji Young: Born 1982" is represented. The study used Critical Discourse Analysis (CDA) which embodied the goal to deconstruct the idea of discrimination in society and offered the problem solving to the issue. In this case, it referred to the gender discrimination occured in "Kim Ji Young: Born 1982". The researcher used theory model by Fairclough (1995), Discrimination by Pincus (2000), and Ambivalent Sexism by Glick & Fiske (1996). This research used descriptive qualitative as the methodology since the object of the analysis in this research was document textual analysis. In obtaining the data, the study took notes conversations in the film, the interview of the scriptwriter, and people's responses through online mass media. While in analyzing the data, this study classified the data in the form of table, made timelines, also explained it. The study revealed that gender discrimination existed in the film "Kim Ji Young: Born 1982". The dominant type found in the film was structural gender discrimination, followed by institution and individual discrimination were showed the least. The ideology lied on sexism ideology, specifically with the attitude of benevolent sexism. It was found by analyzing the data through textual analysis which proved that language played important role in society. in conveying value held by someone. The textual analysis was elaborated with other theories; discrimination theory and sexism theory. Discrimination embodied the level of discrimination, started with the individual discrimination, institution discrimination, and structural discrimination. In answering the second problems, the study used discursive practice analysis and sociocultural practice analysis and it was found that the ideology was represented through the way the writer of the film named the character Kim Ji Young as a representation of women who faced structural gender discrimination in South Korea and conveyed the women's struggle in facing each level of discrimination in South Korea. For future study, the present study suggests that critical

discourse analysis can be used to represent the ideology of other discourses, especially in deconstruct social issues such as sexism which results in many problems such as shaming language, internalized misogyny, and unrealistic beauty standard. For the readers and people involved in film industry, it can be a manifestation to the education to society to insert scenes and plots that uncovering social issues awareness and the audiences can be more critical of it.

Pada waktu ini, film tidak hanya hadir sebagai produk seni dan budaya, namun juga sebagai wadah untuk menuangkan nilai, ide, gagasan, kritik, yang disebut sebagai ideologi. Untuk mengungkap sebuah ideologi di dalam film, analisa wacana kritis dapat digunakan untuk menemukan hasil tersebut. Pada penelitian ini, analisa wacana kritis digunakan untuk mengungkap ideologi tertentu pada film "Kim Ji Young: Born 1982" dengan dua tujuan pemecahan masalah; (1) mengetahui tipe diskriminasi berbasis gender yang dialami oleh karakter perempuan pada film "Kim Ji Young: Born 1982" (2) mengungkap ideologi yang digambarkan pada film "Kim Ji Young: Born 1982". Penelitian ini menggunakan Analisa Wacana Kritis mencakup tujuan untuk membahas gambaran diskriminasi yang terjadi di masyarakat dan menawarkan solusi pada isu tersebut. Dalam hal ini, analisa tersebut mengacu pada diskriminasi berbasis gender yang terdapat pada film "Kim Ji Young: Born 1982". Peneliti menggunakan Analisa Wacana Kritis oleh Fairclough (1995), Diskriminasi oleh Pincus (2000), dan Seksisme Ambivalent oleh Glick & Fiske (1996) sebagai landasan teori dalam melakukan penelitian. Peneliti juga menggunakan metode kualitatif, khususnya analisa deskriptif karena yang menjadi objek penelitian ini adalah dokumen teks. Data penelitian diperoleh dari mencatat percakapan pada film, mencatat hasil wawancara penulis film, dan membuat catatan terhadap respon masyarakat yang terdapat pada media massa. Dalam menganalisa data penelitian, peneliti membuat kode pada setiap data dan mengklasifikasikan data tersebut ke dalam tabel, membuat rangkaian kronologi (timeline), dan menjelaskan. Pada hasil penelitian, ditemukan bahwa diskriminasi berbasis gender terdapat pada film "Kim Ji Young: Born 1982". Diskriminasi tersebut adalah diskriminasi berbasis gender yang struktural. Diskriminasi struktural mendominasi pada cerita-cerita yang digambarkan di "Kim Ji Young: Bon 1982". Sementara itu, ideologi dari film tersebut adalah seksisme, khususnya benevolent sexism. Jenis diskriminasi berbasis gender yang struktural ditemukan melalui analisis teks dari Fairclough (1995), membuktikan bahwa bahasa mempunyai peran penting dalam^B bermasyarakat, bagaimana seseorang ^B mengemukakan si gagasannya menggunakan bahasa yang ia gunakan. Analisa teks digabungkan dengan landasan teori lainnya seperti teori diskriminasi dan teori seksisme. Teori diskriminasi Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

mengungkap adanya tingkatan dalam diskriminasi yaitu mulai dari tingkat antar individu, diskriminasi pada level institusi, dan diskriminasi struktural. Lalu, untuk menjawab rumusan masalah kedua, peneliti menggunakan analisa diskursif dan analisa mengungkap bagaimana ideologi diperlihatkan pada film "Kim Ji Young: Born 1982" yaitu penulis film memulai dengan membuat judul nama Kim Ji Young yang mewakilkan penderitaan yang hampir dialami oleh seluruh perempuan di Korea Selatan dan penulis melakukan penggambaran terhadap aspek-aspek dan tingkatan diskriminasi yang dialami oleh kebanyakan perempuan di Korea Selatan dengan latar belakang yang berbeda-beda. Untuk penelitian selanjutnya, disarankan untuk menggunakan analisa wacana kritis pada wacana lainnya yang mengungkap permasalahan sosial khususnya seksisme yang menyebabkan permasalahan seperti standar kecantikan yang tidak realistis. Untuk pembaca dan orang-orang dalam industri perfilman, ideologi bisa menjadi ide yang menghasilkan edukasi kepada masyarakat dengan memasukkan ideologi tersebut ke dalam plot dan adegan yang selanjutnya akan membuat audiens menjadi lebih kritis.

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijava Universitas Bray CHAPTER 1 S Brawijaya Universitas BINTRODUCTION rawijaya awijaya Universitiant BIn this chapter, the researcher presents the background of the study, the awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya awijaya problems of the study, the objectives of the study, the definition of key terms, and the awijaya awijaya scope & limitation of the study. awijaya awijaya awijaya Unive 1.1 Background KAL awijaya awijaya Film is a popular cultural product appears as art-formed in a series of moving awijaya awijaya pictures or videos which contains sound and story on it. It is the most popular cultural awijaya awijaya product consumed by people (Setiawan, 2016). Film can be shown and watched in a awijaya awijaya awijava cinema, television, and other devices such as social media YouTube, other streaming awijaya awijaya Univerplatforms such as Netflix, Viu, and so forth. However, Film does not only exist as an awijaya awijava art and cultural product, but also emerges as a place which reflects values, ideas, awijaya awijaya criticism, messages, dreams, hopes, or pictures of situations, that can be called as awijaya awijaya ideologies. Ideology is the way someone represents their ideas or values regarding awijaya awijaya reality through their choice of words to the readers (Fairclough, Wodak, 1997). In Film, awijaya awijaya the director or the scriptwriter desires to make a film to deliver their ideologies to the awijaya audience of the film. awijaya Universitas Brawijava Universitas Brawijava Universitas Brawijava awijaya In Finding how the messages or ideologies are portrayed in the film, Critical Discourse Analysis (CDA) can be used to reveal the result; ideologies carried inside the movie. Critical discourse analysis is one of branches in discourse analysis that Universitas Brawijaya Universitas Brawijaya Universitas Brawijava Universitas Brawijava Universitas Brawijava

Universitas Brawijaya Universitas Brawijaya conveys politics, economics, and socio-cultural entities through linguistics and non-Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya linguistics aspects (Fairclough, 2003). Ideologies can be resided in the text (Fairclough, Universitas Brawijaya Universitas Brawijaya Universitas Brawijava Universitas Brawijava 1995). Some researchers have conducted their studies in films which represent certain awijaya ideologies using the CDA approach. Their studies are focusing in gender ersitas Brawijava discrimination and inequality. Nations Human Rights (1992) has stated that every awijaya awijaya individual belongs certain communities such as to national or ethnic, religious, gender, awijaya and linguistic minorities and all of them have their right enjoying their own cultures, awijaya awijaya professing and practicing their own religions, using their own languages privately, publicly, and freely without interference or any form of discrimination. However, in fact, there are problems related to the diversity of human, specifically in gender awijaya awijaya discrimination and sexual interest inequality. awijaya A study has done by Ikawati (2018) conducting critical discourse analysis in a film entitled "Hidden Figures". The study has revealed the result by using theories: Critical Discourse Analysis' approach by Fairclough (2012). It has uncovered that Afro-American women discrimination particularly in racism and sexism when they are in society, specifically in their job environment. awijaya awijaya Other research is also conducted by Heriawan (2018). Using CDA's approach by awijaya Fairclough (1995) and queer theory, the researcher has resulted that film entitled Negeri Van Oranje represents the ideology resided in the film is sexual interest equality, which particularly being gay in Indonesia is difficult decision and lacks of freedom in expressing feeling of people who are gay. Universitas Brawijaya Universitas Brawijava Universitas Brawijava

BRAWIJAYA

Universitas Brawijaya Universitas Brawijaya Other study also is conducted by Darweesh (2016), revealing how sexism ideology Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya is represented by Donald Trump in his presidential campaign speech by using CDA's Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya approach by Van Dick Socio-cognitive framework (2006) and Mills' model of sexism awijaya ersitas Brawijava Universitas Brawijava Universitas Brawijava (2008). The study has revealed that Trump's choice of words toward women is sexism Universitas Brawijaya Universita ijava Universitas Brawijava awijaya ideology. It reflects the superiority of male towards female and how the value awijaya awijaya represented in linguistics representations is difficult to change. awijaya awijaya (UNODC), gender Based on United Nations Office on Drugs and Crimes awijaya discrimination can be formed as sexism, implicit bias, sexual harassment and assault. Sexism is a sex discrimination done by men against women (Mills, 2008). Implicit bias awijaya is the way stereotyped thinking about women, men, and transgender are constructed awijaya (Halilovic, et al, 2017). While sexual harassment and assault is the act of unwelcome awijaya sexual behavior which happen without any consent both the doer and the victim. Based on United Nations Office Drugs and Crimes, it can happen in any gender but dominantly it happens to women. Related to the existing studies, the present study is motivated to conduct a research in gender discrimination in Kim Ji Young Born: 1982 using critical discourse analysis awijaya approach by Fairclough (1995). Kim Ji Young Born: 1982 is a film adaptation from the awijaya novel based, it is about a 30 years old woman named Kim Ji Young who suddenly shows peculiar signs toward his husband and family. How she's depressed for taking care of her child and family and makes her has to quit from her job. How she's Universitas Brawijaya Universitas Brawijay struggling with those circumstances, it also shows how South Korean women's life in

Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awiiava awijava such society appears in the plot of the film. How she gets mocked by her mother in law Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya when she is about to go back to work and how her previous work environment got Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya worse because women are treated as sexual objects such as recording women in toilets awijaya Universitas Brawijaya Universitas Brawijaya through hidden cameras. Hence, the movie seems to be a real issue which reflects in awijaya versitas Brawijaya Universitas society, especially in South Korea at the present time. awijaya awijaya Universitas Braw awijaya awijaya Universit This study covers the social issue in the level of gender discrimination and its awijaya awijaya ideology emerges in the film "Kim Ji Young: Born 1982". To reveal the ideology awijaya represents gender discrimination in the film, critical discourse analysis' approach used. awijaya awijaya According to (Fairclough, 1995), ideologies reside in the text which contains a form awijaya structure and context that later can be the result of ideological process. This study also awijaya awijava uses CDA's approach by Fairclough (1995). It has stated that discourse as social awijaya practices. The three implications of discourse; language is integrating to society; awijaya language as a social process representation; and language is constructed by other social awijaya aspects of society (non-linguistics) of society (Fairclough, 2003), Critical Discourse Analysis is a one of discourse branch that concerns about analysis of cultural entities in texts. CDA describes how it emerges and can be done to solve the issues through analysis of representative cultural entities and texts in order to read a more equal social awijaya awijaya awijaya order (Kress, 1996). This study is worth conducting because it gives some advantages in linguistics and social fields through CDA applied in this study. The first benefit is, through Critical Discourse Analysis, it gives comprehension on how language is used in social Universitas Brawijaya Universitas Brawijaya Universitas Brawijava Universitas Brawijava Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya practices. CDA embodies some essential aspects related to power, dominance, ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijava discrimination, and its ideologies. The second benefit is this study becomes a reference Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya awijaya for further research related to CDA. Also, it is expected that this study, through CDA, awijaya Universitas Brawijaya Universitas Brawijaya awijaya it makes the readers become more aware of social issues lifted in society. The Brawlaya awijaya Universitas Brawijaya Universitas Brawijaya awijaya awijaya itas Brawijaya 1.2 Problems of the Study awijaya awijaya awijaya From the previous explanaition, this study proposes two main problems: awijaya awijaya What type of gender discrimination is found in the film "Kim Ji Young: Born iversitas Brawijaya awijaya 1982"? awijaya awijaya awijaya How is the ideology carried in the film "Kim Ji Young: Born 1982"? itas Brawijaya awijaya 2. awijava awijaya Unive 1.3 Objectives of the Study awijaya awijaya According to the problems of the study, there are two objectives of the study: awijaya 1. Universitas Brawijaya Universitas Brawijaya Universitas Brawijava awiiava Unive 2.1.1.1 The Textual Analysis Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas BThe textual analysis is the first layer of the analysis. It consists of grammatical awijaya analysis covering vocabulary analysis, positive and negative sentences, modes, and modality (Fairclough, 1995). The vocabulary analysis is how the choice of words ersitas Brawijaya Universitas Brawijaya awijaya Universit of the characters depict certain messages or ideologies. The negative and positive awiiava Universit sentences is how the characters tend to use positive sentences to reflect the reality awijaya awijava or what is in the case rather than what is not in the case. The modes and modality awijaya analysis will include the numbers of declarative sentences, question sentences, and imperative sentences. Through the first layer, it will be described, interpreted, and awiiava explained regarding the grammatical construction representing certain messages or awijaya ideologies. awijaya awijaya 2.1.1.2 Discursive Practice Analysis (Production and Consumption) The second layer is discourse practice analysis or production and consumption Universitas Brawilava (Fairclough, 1995). It is the relationship between the producer or the scriptwriter and the director that depicts the ideologies and how the audiences of the film awijaya respond to the production. In this second layer, it helps the research to be more awiiava awijaya specific and rigid in finding the result of the research questions. It embodies the relation between the production (the scriptwriter) and the consumption as the response of the product produced by the scriptwriter. It includes how a awijaya awijaya Universit the study relates to the current situation in a society (Fairclough, 1995). The third awijaya awijaya Universit layer is final layer that can conclude all the result and relate it to the circumstances awijaya awijaya awijaya in society. In this research, it is related to the social issue and more specific to awijaya gender issue. The result of the third layer can help the readers to be aware of gender awijaya issue and moreover it can slowly change the structure of negative issue in society iversitas Brawijaya awijaya awijaya becomes positive. awijava awijaya Unive 2.1.2 Discrimination awijaya Discrimination defines as the action or treatment when individuals are being awiiava A 6. According to Pincus awijaya awijaya (2000), discrimination is divided into three types; individual discrimination, awijaya awijaya discrimination, and structural discrimination. The individual institutional awijaya awijaya discrimination is dealing with the discrimination occurred to an individual who belongs to different members of race, ethnic, and gender. Universitas Brawijaya Universitas Brawijaya individual discrimination is intended to harm others yet is not established as official ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya policies. The institutional discrimination is dealing with the discrimination occurs Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya ersitas Brawijaya awijaya in group or institutions of race, ethnic, and gender controlling the other different. awijaya tas Brawijava Universitas Brawijaya Universitas Brawijaya This discrimination is done by certain dominant group to certain community such Universitas Brawijava Universitas Brawijava as gender, race, and ethnic, and so on. It has the same intention, which to harm awijaya awijaya others yet there is the policy there. While, the structural discrimination occurs when awijaya the establishment crated by dominant race, ethnic, and gender to be beneficial to awijaya awijaya the dominant ones. The doer of structural discrimination does not have the intention to harm others yet it implicitly their behavior can result in harming others. Structural discrimination also requires some cultural values and principles of social awiiava awijaya organization. This case in the film belongs to structural gender discrimination. It occurs because the society still considers a man is higher in degree and deserves awijaya awijaya for getting more chances and experiences rather than a woman. This notion has been natured in society in South Korea since long time ago, specifically since Joseon Era (Sechiyama, 2013). awijaya In addition, gender discrimination is considered as sexism. Parry (2014) asserts awijaya that sexist point of view is the depiction of gender stereotypes. Additionally, sexism awijaya awijaya reflects to the political terms of how women overcome discrimination in all aspects. in society. Thus, it can be assumed that sexism appears because of women outgrowth in very social aspects that emerge hatred to them. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya According to (Glick, Fiske, 1996), Ambivalent Sexism is a psychological Universitas Brawijaya Universitas Brawijaya theory model about sexism. As it has mentioned that sexism is the act of ersitas Brawijava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya discrimination based on gender, one gender feels superior to another gender. ijaya Universitas Brawijaya Universitas Brawijaya Sexism leads to the structure of patriarchy. According to Johnson (2004), patriarchy Universitas Brawijaya awijaya awiiava is something broader than between men and women, it is a system rooted in society and needs to be ended because this social roots manifest in many social problems that individuals participate in it. Johnson (2004) suggests that it is necessary to identify what kind of society they live that encourage the behavior in doing social problems especially sexual violence such as why man harass a woman, etc. The awiiava awijaya attitude is explored through two components of ambivalent sexism; hostile sexism and benevolent sexism. awijaya 2.1.3.1 Hostile Sexism Hostile sexism is a notion about how one gender is seen as a negative with the stereotype goes on it (Glick, Fiske, 1996). The hostile sexism especially exists in women. The idea covers women are inferior to men and not capable of doing things. awijaya This hostile sexism leads to the structure of patriarchy (Glick, Fiske, 2001). awijaya Patriarchy reflects to men structural power; the situations of men who hold power rather than men and feel superior to them (Beechey, 1979). In attitude gives toward women, the ideology of this patriarchy is dominative paternalism which is the value that men is superior and have more power rather than women. In this case, it can Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awiiava be found that mother in law of Ji Young states, "Don't hinder his career! Use your Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya head". It is the situation when Ji Young informs the mother in law that she would Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya like to go back to work in a company and Ji Young's husband takes paternity leave Universitas Brawijaya Universitas Brawijaya awijaya sitas Brawijaya for a year to take care of their daughter. From the response of the mater in law, it rsitas Brawijava Universitas Brawijaya awiiava indicates that Ji Young's husband is considered as superior and can make more awijaya awijaya money when he is in work and the woman (Ji Young) can't do the same. awijaya awijaya Ah awijaya 2.1.3.1 Benevolent Sexism awijaya Benevolent sexism reflects to the act of attitude of certain gender has a role to be inferior to another gender and seen in positive ways. However, this action awiiava awijaya manifest harm to certain gender or community. This structure also has the same direction, which is leading to patriarchy system (Glick, Fiske, 1996). The ersitas Brawijava awijaya awijaya benevolent sexism conveys the idea of masculine dominance such as the role that the men as provider and protector and the women as the dependent (Glick, Fiske, 1996). This consequence is usually considered as a damage for the women. The awiiava benevolent sexism exists in positive way yet also create stereotype in women. For awijaya example, When Ji Young's father commands Ji Young to wear longer skirt after awijaya awijaya being sexualized by a stranger man in a bus. From this case, it signifies that the awijaya men (Ji Young's father) holds power to command Ji Young in the way she dresses up and he considers himself as protector in protecting Ji Young from sexual harassment. While, the fact, the mistake is come from the stranger man who does sexualize Ji Young, not because of Ji Young's wearing. In this benevolent sexism, Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awiiava awijava women should adhere the traditional roles such as women should be mother at Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya home and taking care children full time (Glick, Fiske, 2001). In this case, it can be Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya found the way character Kim Ji Young is not allowed to go back to work, in order awijaya sitas Brawijaya Universitas Brawijaya Universitas Brawijaya ersit to keep on track to take care the child and does chores at home. awijaya ersitas Brawijaya Universitas awiiava awijaya **Unive 2.2 Previous Studies** awiiava awijaya Universitiant The researcher uses three previous studies which has done to be references for awijaya awijaya the present study. The brief explanation will be covered below: awijaya Critical Discourse Analysis in movie Hidden Figures by Ikawati (2018) awijaya awijaya Ikawati has conducted her research in CDA in movie Hidden Figures revealing awijaya the gender discrimination faced by Afro-American women in their work environments. awijaya awijava She uses three approaches; Systemic Functional Grammar by Halliday (2004), awijaya awijaya Fairclough (2012), and Visual Images by Jager and Maier (2009). The method uses to awijaya figure out the ideology represented in the movie is descriptive and qualitative. The data awijaya are collected by watching the movie, get the subtitles from the screenplay of the movie written by Allison Schoroeder and Theodore Melfi. The visual images are obtained by awijaya cutting appropriate scenes containing the discrimination scenes. In analyzing the data, awijaya awijaya the researcher follows SFG by Halliday (2004) for the types of functional grammar awijaya awijaya based on SFG by Halliday (2004), supported by Fairclough (2012) arguments then figuring out what social wrongs appear in the movie. To make the ideology emerge strongly, the researcher uses a semiotics approach in visual image by Jager and Maier (2009). And it is found that ideologies represented in the movie, those are racist and Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya awijava sexist ideologies. Both sexist and racism reinforce patriarchy ideology. This previous Universitas Brawijaya Universitas Brawijaya Universitas Brawijava study has a similarity with the present study, which is the attempt to reveal the ideology awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya in gender discrimination faced by women in film depiction. However, the present study awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya points the film "Kim Ji Young: Born 1982" as the the object of the study since it copes Universitas Brawijaya Universita Universitas Brawijaya awijaya Universitas Brawi awijaya the settings occur in Asia, specifically in South Korea. Meanwhile, the previous study awijaya awijaya copes the settings in United States which has different culture from South Korea which awijaya awijaya indicates the gap of both studies. awijaya awijaya Critical Discourse Analysis in movie Negeri Van Oranje by Heriawan (2018) awijaya Heriawan (2018) has conducted research in critical discourse analysis awijaya awijaya deconstructing concealed gayness text in film Negeri Van Oranje. The research has awijaya awijaya figured out that being gay as Indonesian is difficult situation, gay people can't express awijaya awijaya their feeling freely and lacks other freedom. The research conducted by using CDA's awijaya awijaya model by (Fairclough, 1995) with three main research questions: (1) how are awijaya Indonesian gay people and their lives constructed in the film? (2) how do the roles of the film's producers and audience in its production and consumption, respectively, awijaya explain a gay person's current condition in Indonesia? (3) how do socio cultural awijaya awijaya elements affect the production and consumption process of the film? The methodology awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya used in the research is descriptive qualitative with queer theory and CDA's approach awijaya by Fairclough (1995). It is mentioned that there are three stages in CDA's approach by Fairclough (1995), which are (1) textual analysis, (2) product and consumption Unive (discourse practices), (3) and social practices (sociocultural practices). He uses textual Unive discourse analysis. Hence, in collecting the data, the researcher uses the text which Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awijaya awijava contains gay terms in the film. The researcher also uses comments on YouTube towards Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya the film by the audience and some comments through the audience who watched the Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya awijaya film in the theatre for the consumption analysis. While in production, he uses the awijava Universitas Brawijaya Universitas Brawijaya awijaya background research about the scriptwriter and the director of the film. In analyzing awijaya Universitas Brawijava Universitas Brawijava awijaya the data, the researcher will reveal the result using queer theory and CDA's approach awijaya awijaya by Fairclough (1995). The researcher will filter the text as he has mentioned, the texts awijaya awijaya contain the gay representative. In findings, the ideas or the ideologies represented in awijaya awijaya the film is there are lacks of freedom faced by gay people in Indonesia. The previous awijaya study is in line with the present study. Both attempts to reveal certain gender issues awijaya awijaya experienced by people in Asian countries that remain conservative using the main awijaya awijaya theory of Fairclough (1995). Nevertheless, the present study modifies one of the awijava awijaya analysis which is discursive practice analysis to be more rigid and comprehensive. The awijaya awijaya present study gives and breaks down the analysis by making timeline in the production awijava awijaya process to reveal the ideology to be more valid. Critical Discourse Analysis in Donald Trump's Speech by Darweesh (2016) awijaya Darweesh has conducted research in critical discourse analysis in Donald awijaya awijaya Trump's speech toward women he points out. The methodology used in the research is awijaya awijaya descriptive qualitative and using CDA's approach by Van Dijk (2006) and Mill's awijaya model of sexism (2008). The researcher obtains the data by searching on the internet awijaya the Trump's campaign speech that consists of against his women enemies. The Universearcher transcripts it and codes it by numbering each sentence. In analyzing the data, Universe the researcher categorizes the selected sentence containing sexism to the theory of Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awijaya awijava sexism by Mills (2008) and Van Dijk (2006). The study has revealed that Trump's Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya choice of words toward women is sexism ideology. It reflects the superiority of male Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya towards female and how the value represented in linguistics representations is difficult awijaya Universitas Brawijaya Universitas Brawijaya to change. The present study has same interest with the previous study, which tries to Universitas Brawijava awijaya Universitas Brawijava Universit Universitas Brawijaya awijaya attempt to reveal sexism ideology using different object of the study. The previous awijaya awijaya study has succeeded in showing the ideology using the theory from Mill's (2008) and awijaya awijaya Van Dijk (2006) yet the present study tries to reveal the sexism ideology in the film awijaya awijaya depiction in "Kim Ji Young: Born 1982" using different approaches which is by awijaya Fairclough (1995). The present study also tries to fill the gap by providing the attempt awijaya awijaya on how sexism ideology is triggered by certain attitudes by using Ambivalent Sexism awijaya awijaya by Glick & Fiske (1996) and how sexism natured whether is it only between individual to another individual, or instituional, or even structural by using Discrimination by awijaya awijaya Pincus (2000). awijaya Related to the previous studies which have done conducted, the present study is motivated to conduct a research in gender discrimination in Kim Ji Young Born 1982 using critical discourse analysis' approach by (Fairclough, 1995). The existing studies awijaya have conducted in the focus of gender discrimination and sexual interest discrimination awijaya awijaya in films and Trump's speeches and its ideologies on it, especially gender discrimination faced by women in western culture, this study is motivated to conduct since the lack of the previous studies which has not covered gender issue faced by women in Asia and uncovering the social issue in the level of gender discrimination and its ideology Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awijaya awijava indicates that women as a household wife is less-valued because the society including Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya him, seeing the upper layer as a wife who just sits and depends on their husbands' Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya Universitas Brawijaya awijaya paychecks. Whereas, women who have the role as a wife and a mother are also awijaya ersitas Brawijava Universitas Brawijaya Universitas Brawijaya struggling with their roles to maintain and responsible the house and the family well. awijaya ersitas Brawiiava Universitas Brawijava Universitas Brawijava awijaya Women who take role as a full-time mother also spend their energies and time awijaya awijaya attempting to help their children's growth both in physically and mentally while also awijaya awijaya doing chores at the home. By those activities and the struggles, housewives do not awijaya awijaya deserve to be less-valued compared to the ones both men and women who go to work. awijaya Thus, the attitude and the value lifted by the male colleague belongs to hostile sexism. awijaya awijaya According Glick & Fiske (1996), the hostile sexism refers to the idea that women are awijaya awijaya seen to be negative and inferior to men, also incapable of accomplishing things. Kim awijava awijaya Ji Young is seen as negative person since the male colleague recognizes that she just awijaya awijaya can sit, drink a coffee, and lies on her husband's paycheck. Although, the attitude is done by one person, the utterances uttered by the person is intended to most women who also play role as a wife and a full-time mother. The value addressed is rooted in awijaya South Korea since long time ago up to now. South Korea converses the Confucianism's awijaya awijaya value of women belong to house and the hierarchy is down after men until now even if awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya many South Koreans are atheists (Sechiyama, 2013). The value is structured until now awijaya by the society of South Korea as it has represented in Kim Ji Young: Born 1982. Thus, Unive this datum is also considered as structural gender discrimination. Datum 2 Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Univer"My son is a modern husband." awijaya Universitas Brawijaya awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universities B The structure of the sentence found in datum 2 is positive sentence due to the awijaya awijaya form of the sentence which is subject + to be + complement. Although, it does not awijaya awijaya University consist of negative form, the sentence also does not always consist of positive meaning. awijaya awijaya The sentence uttered by Kim Ji Young's mother in law in the scene of Ji Young's awijaya awijaya Unive husband helping them doing chores in the kitchen. Beside it is a positive sentence, it is a awijaya awijaya Univeralso a form of compliment from the mother to her son for doing the bare minimum. awijaya awijaya Why is it called the bare minimum? Because Kim Ji Young already does the chores awijaya awijaya every day and never get any single compliment from her mother in law. The behavior awijaya awijaya shown by Ji Young's mother in law reflects to the notion of gender bias. Based on awijaya awijaya Rothchild (2007), gender bias is a behavior of preferring one certain gender rather than awijava awijaya awijaya Universection others. This datum also indicates that the role of Kim Ji Young as a housewife is taken awijaya awijava for granted since being a housewife and a full-time mother is not regarded as a great awijaya awijaya goal to be achieved. The idea delivered by the mother in law in her sentence is the awijaya awijaya result of the benevolent sexism because the mother in law regards the things done by awijaya awijaya his son as positive and as well as patriarchal system that have been natured until now, awijaya awijaya especially in South Korea. Thus, it is also considered as structural gender awijaya discrimination based on Pincus (2000). awijaya aya awijaya UniverDatum 3 wijava Universitas Brawijava Universitas Brawijava "Girls must be quiet and calm. You know?" Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awijaya Universitas Brawijaya Universitas Brawijaya Datum 3 demonstrates how the form positive sentence with imperative mode Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya portrays the ideology that the writer of Kim Ji Young Born: 1982 desires to insert. The Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya sentence is said by the grandmother of Kim Ji Young to Kim Ji Young and her sister awijaya Universitas Brawijaya Universitas Brawijaya back then in their childhood. The sentence is regarded positive sentence yet containing Universitas Brawijava awijaya awijaya the other way meaning. However, the sentence is conceived to be true by her Universitas Bray awijaya awijaya grandmother that she also demands her sentence to be believed by Kim Ji Young and awijaya awijaya her sister as a woman. Although, she uses the word Girls which has the meaning of a awijaya awijaya female child from birth to adulthood based on Merriam Webster, the intention of the awijaya grandmother is still aimed to Kim Ji Young and her sister who have the identity as a awijaya awijaya woman. By the idea stated by the grandmother, it also depicts that the grandmother is awijaya awijaya conversing the attitude of benevolent sexism. According to Glick & Fiske (1996). awijava awijaya benevolent sexism refers to the act of certain gender is seen to be positive yet actually awijaya awijaya contributes to harm the people of society and nature gender discrimination. In this case, the grandmother applies the attitude of benevolent sexism to Kim Ji Young and her sister to be *quiet* and *calm* that can be considered positive personalities yet it actually awijaya limitates the right of Kim Ji Young and her sister. By the action of the grandmother, awijaya awijaya this datum is recognized as structural gender discrimination according to Pincus awijaya awijaya (2000), because the value is found in one person to another person, but also natured in awijaya Unive the society. Datum 4 Brawijaya Universitas Brawijaya Unive "There should be at least 4 sons in a family." ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Universitiant B The datum is seen as positive sentence with imperative mode. The sentence is a Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya found in the scene when the grandmother says to Ji Young's mother to have more son Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya instead of daughter in the family. By the scene, the sentence implies that although there awijaya Universitas Brawijaya Universitas Brawijaya isn't the exclamation mark, it still shows the authority of the grandmother to say such liava Universitas Brawijava Universitas Brawijava words. The sentence is defined as benevolent sexism since the grandmother hold the awijaya awijaya belief that only having son is more blessed and beneficial for the family than having awijaya daughters. In extension, this belief is not only held by the grandmother of Kim Ji awijaya awijaya Young, but also most families in South Korea as a study by Sechiyama (2013) conducted back then. Thus, it can be concluded that the sentence also portrays the structural condition of gender discrimination as the background of South Korean's awiiava awijaya society start in smallest institution called family. awijaya Unive Datum 5 "She only picked guys." Datum 5 is found in the scene when Kim Ji Young's chief in the office only prefer to take men staff to be in the upcoming project in the company without asking consideration to other staff. The datum clearly shows that it belongs to the positive awijaya sentence and declarative mode. The word *picked* indicates that the activity has done and it is fact. The mode also signifies that the certainty of the sentence is clear by also

adding it with the form of past tense. Also, the attitude of the chief is marked as benevolent sexism by Glick & Fiske (1996) since the chief put the value of women staff is less than the men staff. However, the datum does not belong to institution 30

Universitas Brawijaya Universitas Brawijaya gender discrimination by Pincus (2000), it is noted as the individual gender versitas Brawijava Universitas Brawijava Universitas Brawijava Universitas Brawijava discrimination. Although the scene happens in the office yet the *doer* is doing the Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya activity based on her preference which only prefers men to be in the team and it does awijaya rsitas Brawijava Universitas Brawijaya Universitas Brawijaya not represent the whole chiefs who work at the companies will act the same way. ersitas Brawijaya Universitas Brawijaya Universitas Brawijaya Unive Datum 6 wijav awijaya awiiava Kids need their moms at home. Or something is bound to go wrong later on." awijaya awijava awijaya Another positive sentence yet contains negative meaning that is legitimate to be believed true is found in datum 6. The sentence also implicitly has the imperative awijaya rsitas Brawijaya mode without clearly put the exclamation mark in the sentence. The scene is found in awiiava awijaya the scene when the man director of the marketing agency utters the sentence addressed to the woman chief of the company. The hostile sexism is embedded in this sentence awijaya and making clear that the man director has the power and audacity to tell his idea to the woman chief who decides to work in a company rather than becomes full-mother to her child at home. As it has mentioned that hostile sexism natures the idea of oppressing women and the construction to be followed that women should stay fully at home (Glick & Fiske, 1996). Glick & Fiske (2001) also has stated that it especially happens awijaya to women by men who have more power and dominance in the society. In this case, it awijaya is done by the male director to the female chief. There is also the phrase go wrong later on which can be interpreted that the mother has full responsibility of the kids' growth. While the fact, it becomes the responsibility both the mother and the father in the family. Datum 6 is appointed as structural gender discrimination for the reason that the Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awiiava awijava scene is representing the current condition when there are still women to be doubted as Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya a woman who works and still manage to take care of the children and the family. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya Univer**Datum** 7 wijava Universitas Brawijaya Universitas Brawijaya awijaya awijava "Dress properly. Your skirt is too short. awijaya Universitas B Referring to the theory of ambivalent sexism by Glick & Fiske (1996), the awiiava awijaya Unive sentences in datum 7 are considered as benevolent sexism. As it has explained before, awijaya Universitas Brawijaya awijaya awijaya benevolent sexism defines as the action of certain gender which is perceived as positive ersitas Brawijaya awijaya action yet it actually harms neither certain gender in society and contribute to the awijaya awijaya gender discrimination. The sentences are uttered by Ji Young's father after knowing Ji awijaya awijaya Young gets sexualized by a man in a bus. Instead of calming or asking how Ji Young awijaya feels about it, her father chooses to judge the way Ji Young dress in her usual decent awijaya awijaya uniform. The sentences uttered by her father are determined as positive sentence which awijava awijaya have the imperative mode in it. It indicates that her father shows his authority as the protector of Kim Ji Young and the way he protects Ji Young is by telling her to dress awijaya properly while Ji Young has done it so. The action of her father can be seen as a positive awijaya action because he tries to protect Ji Young. However, if it is looked deeper, her action awijaya awijaya is regarded as benevolent sexism. The role of being protector depicted in her father is awijaya harmful to other gender, in this case, to Kim Ji Young. Instead of trying to calm her daughter, he decides to complain on how Ji Young dresses up. In broad area, this accident often happens to women and it is done by men. And her father is the representation of most people when they know the accident of sexual harassment in Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awiiava society. They tend to blame women and how they dress, how they go out in certain Universitas Brawijava Universitas Brawijava Universitas Brawijava Universitas Brawijava times, and so on. Thus, this datum belongs to structural gender discrimination and the Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya structured mindset should be changed. Instead of telling the victim to evaluate the way awijaya Universitas Brawijaya Universitas Brawijaya they dress, it is better to say that it is the time to educate people, in this case the man, Universitas Brawijava awijaya Universitas Brawijaya Universitas Brawijaya awijaya not to sexualize others. awijaya awiiava Unive Datum 8 BRAN awijaya awijaya awijaya 'Don't smile at anyone. awijaya awijaya This sentence in datum 8 is presented as negative sentence with imperative awijaya mode. It can be seen from the form of the sentence by adding 'not' after the verb do awiiava awijaya then followed by command phrase. Although the exclamation mark isn't there yet the sentence indicates the imperative mode. The sentence has the same result of analysis awijaya awijaya from datum 7 which it belongs to benevolent sexism according to Glick & Fiske (1996) awijaya and structural gender discrimination. The sentence is stated by Ji Young's father to Ji Young after her getting sexualized and threatened in a bus. The attitudes shown by Ji Young's father is a result of benevolent sexism because it creates the idea that men awijaya should be a protector. However, in this case, the protector ignores the fact that it is not awijaya awijaya Ji Young's mistake for getting sexualized and blaming on the way Kim Ji Young awijaya behave by forbidding Ji Young to smile. The fact in the film, Ji Young isn't smile at all. Telling the victim to protect herself by dressing properly and not smiling at anyone but escape the perpetrator of sexual harassment is the result of benevolent sexism. While, the fact being a mother also gain stereotypes that they can sit freely with their children while laying on their husbands' paychecks. It was represented in the scene where Kim Ji Young sat on a chair in the park and from awijaya distances there were Jung Dae Hyun's colleagues from work talked behind her, uttering awijaya Universitas Brawijaya Universitas Brawija awijaya that becoming a mother is easy, marrying someone is the solution if they want to be free from their job and depending on their partner's checks. The reality was also conveyed through a scene when Kim Ji Young sacrificed her job that she enjoyed shifted to be a wife and a mother in the family. Universitas Brawijaya Universitas Brawijaya Kim Ji Young also endured another gender biased from her mother in law who Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya had never complimented her for being a mother and helped her as a daughter in law. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya Instead, the mother in law was always complimenting her son, Jung Dae Hyun, for awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijava helping her did chores while the fact it was the bare minimum at the moment in New ersitas Brawijava Year's Day. Kim Ji Young did it all the way when she was at her home and at her awijaya awijaya mother in law's house yet never got single compliment just because she was women awijaya and considered that it was indeed women's job to do the chores, thus, nothing special awijaya about it. Another scene was also shown, the way Kim Ji Young looked for new job for awijaya her to be productive and had self-actualization. However, she had to meet the obstacle awijaya awijava in managing her time between her future job and the baby. Then, he confessed it to her awijaya husband, Jung Dae Hyun, for the difficulty she found. Kim Ji Young also provided the solution for its difficulty such as looking for baby sitter for their baby, Jung Ah Young. Time by time had passed and the baby sitter still wasn't found. Thus, Kim Ji Young gave up for her new dream. Jung Dae Hyun saw the problem that her wife went through, hence, he tried to help her by offering that he could take paternity leave for a year to take care of their baby before the baby entered elementary school while Kim Ji Young awijaya awijaya went to work. Without any hesitation Kim Ji Young was happy and thanked to her husband for letting her going to work again. However, when the moment that the idea was heard by Kim Ji Young's mother in law, it became huge issue for the family. The mother in law was mad to Ji Young Universitas Brawijaya 50 Universitas Brawijava Universitas Brawijava

Universitas Brawijaya Universitas Brawijaya awiiava when she made Dae Hyun to take the decision in paternity leaving for a year. The fact, Universitas Brawijava Universitas Brawijava Universitas Brawijava it had mentioned in the scene that Dae Hyun was the one who recommended the Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya paternity leave without any force by Kim Ji Young. This also signifies that the awijaya ersitas Brawijava Universitas Brawijaya Universitas Brawijaya internalized misogyny built by patriarchal system conversed the way the mother in law niversitas Brawijaya Universitas Brawijava awijaya thought that it was Kim Ji Young's intention to make Dae Hyun taking work leave awijaya Brawijaya awijaya from his current job. The mother in law also judged that Kim Ji Youn didn't deserve it awijaya awijaya because Kim Ji Young had depression and couldn't make money as much as Dae Hyun awijaya awijaya made. Regarding to the scenes shown. Cho as the writer of Kim Ji Young: Born 1982 awijaya claimed that it was also a reflection from herself. She is a ten years television program awijaya awijava writer and after having baby, she determined herself from the job and started focus on awijaya her baby and the family. While wanting to come back to the job, Cho found it difficult awijaya and so on. She also claimed for The New York Times that her writing could make awijaya people recognize new knowledge about gender based discrimination and made more people spoke up about the issues they went through. By this production process, it can be concluded that indeed there is the relationship between the writer and the scenes given in the film. The ideology or the value that the writer wants to deliver is how awijaya patriarchal system live long and converse in South Korea's society even from the awijaya smallest institution, family, up to other structural institutions such as in the environment and the company in workplace. Universitas Brawijaya Universitas Brawijaya Consumption refers to the result of the production process. How the product is Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya consumed by people and society and how it creates impact for them. In this study, the Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya product purposed is the film Kim Ji Young Born: 1982. At first, the book version has awijaya Universitas Brawijaya Universitas Brawijaya gained huge attention from public and has reached more than one million copies sold ersitas Brawijava by November 28th 2018. Thus, it becomes one of the reason the book version of Kim awijaya ersitas Brav awijaya Ji Young: Born 1982 is filmed. Also, the book is appointed as the most borrowed book awijaya in 2019 in South Korea based on National Library Korea. The similar result is also awiiava obtained by the film when the film has released. The film surpassed more than one million tickets sold and became the most awijaya watched film in box office South Korea of the week by Octorber 27th 2019. The film awijaya and the casts also received several nominations in film awards in South Korea and Asia. awijaya Kim Ji Young: Born 1982 won as Cinieaste Delights on Hongkong Asian Film Festival in 2019, the director of the film, Kim Do Young was pointed as Best New Director on Chunsa Film Art Awards and Baeksang Arts Awards in 2019 in South Korea. The cast, such as Jung Yu Mi who played the role as Kim Ji Young was also given the award for Best Actress on Grand Bell Awards 2020, Korean Association of Film Critics Award in 2020, and from Buil Film Awards in 2020, also as Popular Star on Blue Dargon Film awijaya Awards in 2021. Aside from the success of Kim Ji Young Born: 1982, the film also obtained several backlash from the public while also gaining support from the public. The backlashes come from both when the book was released and the film was released. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya Several celebrities from South Korea such as Irene of Red Velvet who received hatred Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya by her male fans after declaring that she read the book Kim Ji Young: Born 1982 in her Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya fan sign. Even, in South Korea, not long after the awijaya awijaya release of Kim Ji Young: Born 1982, there was also the parody that intentionally shown awijaya by men in South Korea named "Kim Ji Hoon Born: 1990" that also tried to reveal the awijaya awijaya gender discrimination faced by men in South Korea. However, there were also supportive and relatable response to Kim Ji Young: Born 1982 found in portal website review Asian Wiki, such as "this is the best movie ever. Represent the life of a mother awijaya awijaya but before being a mother, she's also a woman of herself..." by Daisy, also "great plot, great performance especially by the lead actress, I've always loved her acting. She awijaya succeeded in portraying all her feelings and all the struggle she faced as a woman, a wife, and a mother. I can see myself in her and I can understand her feelings too because I'm living the same situation but as the story it's not that easy to make a decision." Both the negative and positive response, it can be said that it was expected by Cho Nam Joo, as the writer. In her interview with Guardian, it was her intention to awijaya make her creation became 'public debate', thus, by Kim Ji Young Born: 1982, people awijaya can be more aware and critics toward sexism issue in their society. Also, Cho claimed that her film and book could make people spoke up about their issues. In a awijaya awijaya Unive this stage of analysis, the researcher provides situational analysis, institutional analysis, a awijaya awijaya University and societal analysis. In the first stage, the situational analysis, the researcher has awijaya awijaya related the scenes in the film to the situation in society when the work is made. awijaya However, since the film is novel or book based which means the book version has awijaya released earlier, the researcher decides to also involve the information and situation awijaya awijava when the book version is released. According to the writer of Kim Ji Young: Born 1982 awijaya on the interview with Guardian, it has told that in 2016 in South Korea, there was a awijaya murder case and the victim was a woman in Seocho-dong, Gangnam Station. After awiiava being investigated, the result showed that there was misogyny reason from the murderer to conduct that murder. There were still sexual abuse and sexual harassment that it had pictured through the scenes in the film. In South Korea also there were still awijaya abuse the right of woman getting work in a company. Cho mentioned that there was a awijaya awijaya news reporting a woman getting refused by a company on an interview just because her gender is female. Another situation was given when there were several celebrities and idols who read the book and got backlash, such as Irene of Red Velvet, Taeyeon of SNSD, RM of BTS, and so on. While in the film era, there were also mocking and Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awiiava backlashes received by the cast of Kim Ji Young: Born 1982 such as Jung Yu Mi who Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya played as Kim Ji Young and Gong Yoo as Jung Dae Hyun, and many artists who Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya promoted the film. All the things have shown that in South Korea, voicing out about Universitas Brawijaya Universitas Brawijaya awijaya ersitas Brawijava gender discrimination is still taboo and considered as offensive. While there are still ersitas Brawijaya awijaya the sides that get benefit from all these gender discriminations and do not want their awijaya awijaya beneficial situation get ruined. awijaya awijava For institutional analysis, the analysis was conducted by revealing the Universitas Brawijaya awijaya institutions which get the impact of the film. There were several institutions get the awijaya effect by the discourse. The president of South Korea, the government of South Korea, awijaya and companies in South Korea. In 2018, the president of South Korea, Moon Jae In awijaya awijava received a present which is the book of Kim Ji Young: Born 1982 and there was the awijaya notes that said "Please embrace Kim Ji Young: Born 1982" which could be interpreted that South Korea needed to be more aware of the gender based discrimination which awiiava not only involved between men and women issues, but can lead into so many aspects such as wage gap in South Korea, criminal cases triggered by gender reason, and so on. For the government of South Korea, after the discourse was lifted up to the society, awijaya there were awareness started to be lifted up too such as the abortion ban that considered awijaya awijaya iversitas Brawijaya Universitas as unconstitutional. It was the result of women in solidarity protested in South Korea. The court stated that abortion ban rules were abusing women's right in reaching their dreams and ignored the right in accessing safe health as it had reported by Guardian in 2019. We have to highlight that individual's way of thinking can be come from the Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya institutions we go in and governed by them for how we react. One of the example Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya working institution that Cho went as the writer of Kim Ji Young: Born 1982. It made Universitas Brawijava Universitas Brawijaya Universitas Brawijaya her started to comprehend that gender discrimination was clearly there and we all made awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya it natured without even realized. Thus, she also made some scenes regarding Universitas Brawijava institutional gender discrimination occurred in working place such as the gender bias awijaya awijaya there when the gap wage is based on the gender. Reported by OECD Data 2016-2019, awijaya South Korea was at the top of wage gaps based on gender among other developed awijaya awijaya countries in the world. It showed that the wage earned by women is only 63% from men's wage. The scenes were also triggered the companies in South Korea as the book and the film were lifted up in society and made the society began to realize it too. awiiava awijaya For the societal institution, it refers to how the issues lifted in this discourse awijaya govern and give impact on society. The discourse, Kim Ji Young: Born 1982, represented the ideology of sexism that is considered as gender discrimination that also awiiava lead to the system of patriarchy and how it's natured on the society even starts from the smallest institution like family. The clear result of the discourse is that how #MeToo movement took hold in 2016 by asking the justice of murdered woman in Gangnam Station and voiced out the sexual assaults that left unsaid pain at first. Prof. Lee an awijaya awijaya Brawijaya Univers professor from Chung-Ang University majoring Sociology on her interview with BBC she stated that most women who participated in the movement were women had sympathy toward the victim of sexual assaults, then followed by some women who were feminist and women's right activists. Then it continued in 2018 when #MeToo Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awijaya awijava was held every 2 years and in South Korea protesting and voicing out the same issues; Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya sexual harassment and sexual assaults. One of the participant is Seo Ji Hyeon, a female Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya prosecutor, who also had faced the same experience as women had in South Korea. awijaya ersitas Brawijava Universitas Brawijaya Universitas Brawijaya ^{we} These indicate that women and people of South Korea start to wake up and realize thata Universitas Brawijaya awijaya the gender discrimination is real problem and it needs to be solved. The people are also awijaya awijaya reflection of Cho Nam Joo who does not realize the problem since she was a child awijaya because her family keeps normalize it. Hence, it can be assumed that this discourse awijaya awijaya gives insight to how patriarchal system is conversed in daily life that can even lead to awijaya problems such as sexual assaults and gender wage gap in workplaces and how the struggle to tackle it, which is by speaking up about the issues. However, there are still awijaya awijaya also people who consider that Kim Ji Yong: Born 1982 deserve to be banned from antifeminists in South Korea, thinking that the issues shouldn't be an issue. In #MeToo awijaya awijaya 2018 reported by Hawon Jung, there was a student from college confessed that many her classmates regarded her joining a religion cult as becoming feminist is seen as a negative thing. The fact, the student joined feminism because she was sexually abused awijaya by her own father for ten years then it took her courage to speak up about that. awijaya Finally, the president of South Korea responded it and asserted that its awijaya awijaya movement was never enough, but all the cultural entities in South Korea should take participation to change the attitude and the culture, it refers to the sexist attitude that creates such patriarchal culture in South Korea. The analysis awijaya awijaya awijaya embodies the result of textual analysis, discursive practice analysis, and sociocultural awijaya awijaya practice analysis that answer the problems of the study. The discussion also includes awijaya awijaya the relevancy between the present study and one of the previous studies. Sitas Brawijaya awijaya awijaya 4.3.1 The Type of Gender Discrimination Determined in the film "Kim Ji awijaya Young: Born 1982" awijaya awijaya The researcher has conducted the analysis in textual analysis with the two awijaya awijaya theories elaborated; ambivalent sexism by Glick & Fiske (1996) and types of awijaya awijaya Unive discrimination by Pincus (2000) to uncover the type of gender discrimination in the awijava awijaya the film "Kim Ji Young: Born 1982". The study reveals that positive sentence takes the top awijaya awijaya Universelt with 88.3%. When the speakers have tendency to state their confessions and their awijaya awijaya awijaya statements are legitimate to be believed. By this result, it reflects to the reality of South awijaya awijaya Korea's society that also tend to be based on gender-based caused by sexist attitude Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya awijaya and lead to the structure of patriarchy. The sexism based on the sexist attitude is found in this study with Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awiiava awijava benevolent sexism takes 70%, followed by hostile sexism 30%. This signifies that there Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya are several sexism that comes from the positive attitude yet it actually harms certain Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya awijaya gender without getting aware of it. The next result is type of the gender discrimination. awijaya ersitas Brawijava Universitas Brawijaya Universitas Brawijaya awijaya it has shown that structural discrimination is at the top of the result. Structural implies awijaya liava Universitas Brawijava Universitas Brawi awijaya that the discrimination is practiced since long time ago. There are the rigid patterns in awijaya awijaya how each disciminiation is applied. Individual discrimination occurs and done by one awijaya awijaya person or small group of individuals to other people who belong to certain community awijaya awijaya such as gender, race, ethnic, religion, and so on. Individual discrimination has intention awijaya to harm others yet there isn't establishment call it as policies. While institutional awijaya awijaya broadens its power. The institutional is done by certain dominant group of to the awijaya awijaya minority who belong to certain community as it mentions in individual discrimination. awijava awijaya This minority reflects to the people who has less power than the dominant ones. This awijaya awijaya institutional discrimination also has the same intention to harm the minority and creates awijaya it as policies in the institutions. While in structural discrimination, it occurs diffferently. There is establishment of dominant group which belong to certain gender, ethnic, race, awijaya religion, and so forth, to the minority ones. Structural does not have intention to harm awijaya awijaya others yet it turns out that it results in harmful actions. The structural discrimination awijaya awijaya also requires cultural values and base principles of social social organization. That is awijaya University why structural gender discrimination is not only done by men to women, but also can be from women to women. According to Sechiyama (2013), The sexism which lead to Unive the structure of patriarchy is constructed by Confucian's norms in Joseon era and it is University adopted until the modern era, although most South Koreans are atheists or have other Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

That background is caused by sexist attitude and and it is natured in almost Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya all aspects of life, such as the roles in family, the bias action in the family and the Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya society, the wage gap, the normalization in blaming the victim in sexual harassment as awijaya rsitas Brawijava these are represented in the film. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas P versitas Brawijaya Universitas Brawijaya Unive 4.3.2 The Ideology Portrayed in the film "Kim Ji Young: Born 1982".tas Brawijaya awijaya Universities BIt has also found that sexism ideology is portrayed in the film "Kim Ji Young: awijaya Born 1982". The study uses two stages of analysis by Fairclough (1995), which are awijaya awijaya discursive practice analysis and sociocultural practice analysis. Both of the analysis has shown that the sexism ideology is indeed what the writer desires to show. In discursive awiiava analysis which devided into two, production and consumption, has revealed that there awijaya is relationship between the writer of "Kim Ji Young: Born 1982" with her work. It awijaya reveals that the sexism ideology is message that the writer tries to deliver through the niversitas Brawijaya plots and the scenes. She has also correlation with her work in portraying sexism awiiava ideology. She is a person who has concern towards gender issues because she also has the same experience and the pain as it is depicted in the film. In the production section, there is also the timeline of the production of the film and why it is produced. It shows how the book version is succeeded then the writer would like to broaden the scope by awijaya awijaya releasing the film version. It has revealed that film as an cultural and entertainment product can be an effective media to campaign certain ideas or messages, in this case it is sexism ideas. Film is one of products of pop culture and in South Korea, watching film is regarded as hobby just as playing football and other perfomances (Cariappa, Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awiiava 2020). Cariappa (2020) also stated that media can manifest to the gender issues or Universitas Brawijava Universitas Brawijava valuing women in sexist way such as detrimental their professional growth and so goes Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya the personal growth. This study, through the lens of the writer of "Kim Ji Young: Born awijaya Universitas Brawijaya Universitas Brawijaya 1982" supports the explanation that aside from its negative impacts of media such as Universitas Brawijaya Universitas Universitas Brawijaya Universitas Brawijaya awijaya film leads to gender issue to women, media is also proven to be effective place to awijaya awijaya provide debate and education to the society. It was all started by the motive of the awijaya researcher decides to choose the "Kim Ji Young: Born 1982" as the object of the study awijaya awijaya which is Korean films, because South Korea has extraordinary structure, when all the awijaya technology and the development are advanced yet the society still remains conservative that they are all conveyed through their extreme media such as film. The effective result awijaya awijaya can be shown by the amount of the audiences with their enthusiasm and how the product can raise many discussions and debates in the society. In sociocultural analysis awijaya also shows that the film as the discourse has many impact such as resulting in the abortion ban that is considered as unconstitutional because it is abusing women's right, manifestation in the first #MeToo movement in South Korea, and gives education to awijaya the people to be more critical and aware towards gender discrimination in society. We, as a member of society, cannot immediately point out the discrimination, awijaya awijaya awijaya Universitas Brawijaya awijaya yet we have to be aware what kind of environment, value, beliefs, and attitude that make the society build and converse sexism that leads the structure of patriarchy and its results. The study has found that it is sexist attitude, especially benevolent that discovered by Glick & Fiske (1996). Benevolent sexism is psychological attitude Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya ⁶¹iversitas Brawijaya

Universitas Brawijaya Universitas Brawijaya which Benevolent sexism refers to the attitude of considering certain gender is positive Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya vet actually contributes to harm certain gender and the people of society. The Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya benevolent sexism attitude takes 70 % as it becomes the base of the characters in Kim awijaya Ji Young: Born 1982 in supporting the sexism and the structure of patriarchy. Universitas Brawijaya Benevolent sexism also proves that sexism is not only done by men to women, but it awijaya awijaya also can be from women to women as it has revealed through this study, for example awijaya in datum 3. By these, it can be concluded that the type of gender discrimination awijaya awijaya conveyed in Kim Ji Young: Born 1982 is structural gender discrimination with benevolent sexism as the dominant attitude with 70% percentages. awiiava Although it is clear by the previous analysis, that the ideology is sexism, the awijaya researcher has also conducted to check the background of the writer of Kim Ji Young: awijaya Born 1982 to expose the way the writer of "Kim Ji Young: Born 1982" presents the ideology in the film. Cho Nam Joo is a former TV program writer. She found difficult awijaya to be back to work and started to write a book about a confession and an issue that she just realized it after she married and lived with her laws family which used to be so patriarchal and since this, she was aware of gender issues started to concern about it. Thus, she stated that the book is relevant to her and could be relevant to other women awijaya awijaya in South Korea. Thus, she named the book with the character's name Kim Ji Young. Kim is common surname in South Korea and the name Ji Young also owned by most women in South Korea. She concluded that the name would represent all the issues faced by most women in South Korea. By her research towards "Kim Ji Young: Born Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya ⁶² Universitas Brawijaya

Universitas Brawijaya Universitas Brawijaya awijaya awijava 1982", Cho Nam Joo conveyed the ideology through the scenes that felt relatable to the Universitas Brawijava Universitas Brawijava Universitas Brawijava Universitas Brawijava audience, especially to the women audience. The result of her creation lead to many Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya awijaya changes as she also depicts the condition of the society in South Korea and the book & awijaya Universitas Brawijava Universitas Brawijava awijaya the film has succeeded in giving insight and realization to people who read the book awijaya Universitas Brawijava awijaya that gender discrimination exists. One of the obvious impact is #MeToo movement was awijaya awijaya held in South Korea in 2016 and 2018, lifting the sexual violence issues faced by most awijaya awijaya women in South Korea. It shows that many regular women take significant role in the awijaya awijaya movement, then it is followed by many feminists and activists. The reason these regular awijaya women held the movement is that they sympathize to the victim of sexual violence, awijaya awijaya moreover it much happened to women in those years. By those, the researcher argues awijaya awijaya that we, people who are part of a society in our states, do not have to be feminist to awijava awijaya fight sexual violence and other gender discrimination. We need our empathy and awijaya awijaya sympathy on it. We cannot sit in our comfortable chairs just because it does not happen awijaya to us, but we can try to put our feet to their shoes. Also, since sexual violence and other gender discrimination do not only happen in South Korea, but also in most Asian awijaya countries, the researcher assumes that it is the time for the government to take them as awijaya awijaya a serious issue to be solved. To tackle the problems, government can start to be awijaya awijaya considerate to the curricula about comprehensive sex education (CSE). CSE does not awijaya only include the insight about sex education, but also carries the knowledge about Unive culture, value, consent, manner, comprehending gender issues, and so on tas Brawijava 4.3.2 The Relevancy of the Present Study and the Previous Studies. The United States is a multicultural country, awijaya specifically in previous study, it uncovered the Afro-American women who live in the awijaya awijaya United States with the gender discrimination they face. Meanwhile, in South Korea, in this present case, it is depicted in the film "Kim Ji Young: Born 1982", the study does not find the racism because South Korea has majority the race and etnics as Asian awijaya awijaya people. Also, the writer tend to point out the way native women who are Asians in South Korea face the discrimination in the society. Thus, the sexism does not lies on awijaya the racism ideology as it has found in the previous study. However, the major difference is lying on the specific sexism pointed by the present study. The CDA Model by Fairclough (1995) has succeeded in uncovering the social problems in South Korea's society as it is depicted in "Kim Ji Young: Born 1982". The similarity is found how Fairclough (1995) approach awijaya awijaya model is used to reveal the ideology. The present study has its ideology in how sexism awijaya awijaya natured in the film "Kim Ji Young: Born 1982". Also, the present study modified the awijaya awijaya analysis in the discursive analysis by making timeline in how intertextuality works awijaya awijaya between the scenes depicted in the film "Kim Ji Young: Born 1982" and the writer of awijaya awijava the film regarding to the biography and the activity. In the third previous study, the awijaya awijaya researcher used the approach model by Van Dijk (2006), while the present study used awijaya awijava Fairclough (1995). Although using different object, the similarity found to the way the awijaya same ideology lied on, which is sexism ideology. The previous study used Trump's speech in understimating his enemies in presidential elections to gain support from awijaya Americans. The conclusion is obtained from the result of the analysis awijaya in this study. The suggestion can be helpful to the future researcher in conducting study awijaya awijaya in the same Critical Discourse Analysis field. awijaya awijaya 5.1 Conclusion awijaya awijaya Regarding to the result of the analysis conducted by the researcher, the study awijaya awijaya finally can answer the two questions of the study; (1) What type of gender awijaya awijaya discrimination found in Kim Ji Young: Born 1982? and (2) How is the ideology carried awijaya awijaya in the film Kim Ji Young: Born 1982? awijaya awijaya In answering the first question, the researcher uses the textual analysis to reveal awijaya what type of gender discrimination presented in Kim Ji Young: Born 1982. According to the result of the analysis, the study has found that the type of gender discrimination awijaya is structural gender discrimination which was followed by the sexism ideology, awijaya specifically with benevolent sexism taking position with 70 % followed by hostile awijaya awijaya sexism 30 %. The structural gender discrimination has 83.3 % as the percentage. awijaya followed by individual gender discrimination with 11.1 %, and the least is institutional with 5.6%. The benevolent sexism reveals that there is the lack of awareness and how some positive actions can result in sexism such as the gender bias and sexual harassment. This result also shows that structural gender discrimination exists in the Universitas Brawijaya Universitas Brawijava Universitas Brawijava

Universitas Brawijaya Universitas Brawijaya awiiava first place since Joseon era and hereditarily converse up to now start from the smallest Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya University institution like family until in the society in South Korea. Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya Universitas BFor the second question, to reveal the answer on how the ideology is carried, a awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Unive the researcher uses the second and the third stage of analysis by Fairclough (1995), University which are discursive practice and sociocultural practice analysis. To strengthen the awijaya awiiava Unive ideology portrayed, the researcher conducts the discursive practice analysis which awijaya awijaya awijaya includes production process. The production process reveals the background of the Jniversitas Brawijaya awijaya writer of Kim Ji Young: Born 1982 and find how the ideology is represented through awijaya the film. Finally, it can be found that Cho Nam Joo as the writer is a woman who has awijaya concerns toward gender issues. She has conducted a research for her writing and some awijaya awijaya stories can be relatable for her because she also faces the same experiences and assumes awijaya that the experiences might be faced by other women too, thus, she names the title with awijaya Kim Ji Young. The reason is Kim Ji Young is the most common woman name can be awijaya found in South Korea, it is metaphor to the story told in the film is faced by most women in South Korea. Cho inserts the issues such as sexual harassment in workplace and in society, the gender bias in workplace and in family as she has searched that such awijaya phenomena is massive in South Korea. Thus, it can be concluded that the way the awijaya **Universitas Braw** awijaya ideology is carried in the film is through the experience of the writer and her research and concerns toward gender issues in South Korea. "Kim Ji Young: Born 1982" also holds important role such as the abortion ban that is considered as unconstitutional rsitas Brawijaya Universitas Brawijaya Universitas Brawijaya because it is abusing women's right, manifestation in the first #MeToo movement in Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya

Universitas Brawljaya awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya Unive 5.2 Suggestion Universitas Brawijaya Universitas Brawijaya awijaya awijava Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya Universities After conducting the present study, the researcher gives suggestion from the awijaya awijaya Unive limitation of the present study. The first, the future researcher can encompass other awijaya awijaya Unive textual analysis that has not used in the present study such as transitivity analysis, awijaya awijaya Unive presuppositions analysis, and politeness analysis before elaborating it with other model awijaya awijaya awijaya of analysis. awijaya awijaya The second, the researcher suggests that critical discourse analysis can be used awijaya awijaya to other topic and object, also the issues that have urgency to the society and academics awijava awijaya Unive fields. The researcher suggests to the next researchers to conduct a research in result of awijaya awijaya Unive sexism and system of patriarchy such as shamming language, internalized misogyny, awijava awijaya Univenegative women portrayal, and unrealistic standard of beauty in other discourse awijaya awijaya Universe especially in Indonesia as a result of sexism and the structure of patriarchy conversed awijaya awijaya awijaya Unive in the society. awijaya awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universities BThe third, since the present study reveals that film becomes an effective media awijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya Universitas Brawijaya awijaya University and cultural product to raise awareness in the society, the researcher suggests and awijaya Unive expects the people who are involved in film industry can start to insert plots and scenes Unive in their films that manifest to be education for the audiences of the film.
